Brown V Board Of Education Separate But Equal Supreme Court Milestones:

Brown v. Board of Education James T. Patterson, 2001-03-01 2004 marks the fiftieth anniversary of the Supreme Court's unanimous decision to end segregation in public schools. Many people were elated when Supreme Court Chief Justice Earl Warren delivered *Brown v. Board of Education of Topeka* in May 1954, the ruling that struck down state-sponsored racial segregation in America's public schools. Thurgood Marshall, chief attorney for the black families that launched the litigation, exclaimed later, "I was so happy I was numb." The novelist Ralph Ellison wrote, "another battle of the Civil War has been won. The rest is up to us, and I'm very glad." What a wonderful world of possibilities are unfolded for the children! Here, in a concise, moving narrative, Bancroft Prize-winning historian James T. Patterson takes readers through the dramatic case and its fifty-year aftermath. A wide range of characters animates the story: from the little-known African Americans who dared to challenge Jim Crow with lawsuits at great personal cost to Thurgood Marshall, who later became a Justice himself; to Earl Warren, who shepherded a fractured Court to a unanimous decision; to segregationist politicians like Governor Orval Faubus of Arkansas; to Presidents Eisenhower, Johnson, and Nixon; and to controversial Supreme Court justices such as William Rehnquist and Clarence Thomas. Most Americans still see *Brown* as a triumph, but as Patterson shrewdly explores, the provocative questions that still swirl around the case remain. Could the Court or President Eisenhower have done more to ensure compliance with *Brown*? Did the decision touch off the modern civil rights movement? How useful are court-ordered busing and affirmative action against racial segregation? To what extent has racial mixing affected the academic achievement of black children? Where, indeed, do we go from here to realize the expectations of Marshall, Ellison, and others in 1954? **The**

Unfinished Agenda of Brown v. Board of Education James Anderson, Dara N. Byrne, 2008-04-21 Praise for *The Unfinished Agenda of Brown V Board of Education* My father, Oliver L. Brown, for whom *Brown v. Board of Education* is named, was a proud member of a group of a few hundred people across the country who took risks by taking a stand for what they believed. He died in 1961, just seven years after the case, so he didn't live long enough to know that *Brown* would become the foundation on which so much of this country's civil and human rights initiatives would rest. *Brown v. Board* became important for every citizen, not just African Americans. It shows that the founding documents of our country provided us with sovereign rights that cannot be restricted by state and local governments. That decision impacted the lives of women, persons with disabilities, blacks, whites, Hispanics, Asians, and everyone living in this country. *Brown* was significant in attacking the silence. It opened up a dialogue and forced the country to take on greater responsibility; we at every level had to start addressing the issue of race. In many ways, once the dialogue started, we finally began to understand the depths of racism. This case was about gaining access to educational resources; the resources were and remain where the white children are. *The Unfinished Agenda of Brown v. Board of Education* is about renewing and continuing the promise of *Brown*. Cheryl Brown Henderson, president of the Brown Foundation for Educational Equity, Excellence, and Research, and daughter of Oliver L. Brown, one of
