The Imagery of the Cosmological Buddha Angela Falco Howard, 2023-08-14 *The World's Parliament of Religions* John Henry Barrows, 1893 **The Key To Unlock The World** Book One 〇〇〇〇, **Precious Coral and the Legacy of the Coral Road** Iwasaki Nozomu, 2021-06-14 Drawing on diverse perspectives this collection of 12 essays and around 150 colour illustrations explores the history and mysteries of the Coral Road from the Mediterranean to Japan From Italy with its ancient traditions of deep sea coral fishery production and trade the reader is transported to Tibet and India where coral has long been revered as a Buddhist treasure and amulet The focus then moves to Japan with the book highlighting the vivid red coral tree of folklore and festivals and the lavish use of the exotic gemstone in the magnificent accessories and craftwork of the Edo Period 1603 1868 before tracing the history of Japanese coral fishery trade and production in modern times Inspired by an urgently perceived need to preserve the legacy of precious coral for future generations this retrospective yet forward looking book will appeal to a wide readership from marine ecologists to economic social cultural and religious historians as well as scholars of fashion and design **A Treasury of Mah Y Na S Tras** Garma C. C. Chang, 2010-11 The Mah clearly a comprehensive translation of a major work within the canon was called for This volume addresses that need It contains 22 of the 49 S _tras of the Mah _ratnak _ta or Treasury S _tra many translated for the first time in a Western language selected and arranged to give the modern reader a progressive introduction to one of the world s major religious traditions Subjects covered include M _y _ and miracles the teachings on Consciousness Emptiness and monastic discipline the Mystical Light of the Tath _gata and the devotional practice of Pure Land making this a comprehensive source book of Mah _y _na Buddhism hitherto unavailable in English The book also includes an introduction to provide historical and interpretive guidance annotations that assist in the comprehension of difficult passages and an extensive glossary that will be valuable to specialist and layman alike A team of scholars working in Taiwan spent eight years translating the Treasury s million words from Chinese using Tibetan texts for comparison and checking each S _tra with an international board of scholars In the course of translating from the original special effort was made to retain both the devotional style appropriate for religious reading and the precision required by the scholar while presenting the material with a clarity and flow that would make it accessible to the Western layman The editors then selected arranged and annotated the 22 S _tras presented here Published in cooperation with The Institute for Advanced Studies of World Religions **The Romantic Legend of Sâkya Buddha** Samuel Beal, 1875 **Dictionary of Buddhism** Soka Gakkai, 2009-01-01 Anyone reading English translations of Buddhist texts will encounter a host of names terms and phrases whose meanings are not clear even though they appear in English Buddhism is famous for its specialized terminology and translation alone may not communicate its full meaning East Asian Buddhist diction is layered with several languages Pali Sanskrit Chinese and Japanese and the only way to make one s way through this linguistic maze without getting lost is with the aid of a good dictionary The Soka Gakkai Dictionary of Buddhism

a revised and expanded version of A Dictionary of Buddhist Terms and Concepts 1983 is a welcome addition that serves this purpose Written clearly for the general reader the Dictionary contains over 2 700 entries While it is designed primarily for use with the Soka Gakkai s translations of Nichiren s works the Dictionary contains a wealth of terms found in all other traditions of Buddhism Definitions are given for technical terms historical figures doctrinal texts institutions and place names The entries provide complete cross references so that readers may know and further pursue meanings of term equivalents as rendered in other ways or languages Ten appendixes provide maps and world lists that enable the reader to find terms in English Pali Sanskrit Chinese or Japanese Like all Buddhist masters Nichiren presented his particular message in the wider context of other Buddhist teachings and practices To know the particular one must also understand the general context and the Dictionary in addressing both levels provides essential knowledge not only for students of Nichiren Buddhism but for anyone reading Buddhist texts
