Edward Nickens, 2021-05-14 The Last Wild Road is a raucous gripping sometimes terrifying often hilarious and deeply meditative journey through the heart of the outdoors in the modern world Collected from more than 20 years of hunting and fishing cover stories columns and adventure tales written by T Edward Nickens for Field Stream this book is a road trip that takes in a huge sweep of the North American landscape blackwater rivers in the wilds of eastern North Carolina deserts and prairies of the American West remote tundra of northern Canada and the wildest rivers of Alaska Along every rutted road and rough trail with a rod gun and pen Nickens meets unforgettable characters old French speaking Cajuns at Louisiana squirrel camps a one armed fly tyer in the ancient Appalachians Pennsylvania brothers who lost their father in a hunting accident decades ago and return to the scene for a powerful poignant encounter with history He explores remote wilderness waters to chase trout and ducks but finds rich meaning too in the familiar and close to home fishing with his children plumbing the forests of local farms and butchering deer in his basement as a thanksgiving for the gifts of the outdoors When it comes to hunting and fishing writing often falls into the categories of where to go the how do it and the what to bring This book embarks on the question of why Why does the pursuit of game and fish and the travel to the wild places where they thrive bring meaning and clarity to living in the modern world Why do we laugh more and live more deeply far from the sidewalk If you ve ever felt that way you ll find yourself in The Last Wild Road **Outdoor Chronicles** Jerry Hamza, 2015-11-24 We hold a great affection for the deep tradition of American storytelling The ability to spin a yarn that can hold our attention and provide a gentle direction for life is something

that has been with us for a long time The Celebrated Jumping Frog of Calaveras County by Mark Twain or Ernest Hemingway's Nick Adams stories hold us with their gentle wit and carry us away for just a little while In Outdoor Chronicles Jerry Hamza takes up the gauntlet of the storyteller to take readers away for a little fun There are already plenty of how to fishing and outdoor books and this is not one Hamza's stories will not make you a better caster or shooter but they will make you want to spend more time fishing or hunting This book is a collection of outdoor stories wrapped in the human condition They were written with an eye toward honesty and cynicism They will make you laugh out loud and you will want to carry them with you wherever you go If this book goes missing it's a sure thing that when you do find it it will be in the possession of a member of your household regardless of their interest in casting a fly The stories cover the gamut from a fishing trip to northern Canada to a little stream that was actually better than remembered to how the baby boomers almost trampled a sport to death to a solitary trek along railroad tracks during a cold dark and dreary February and many more Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

Father Water, Mother Woods Gary Paulsen, Ruth Wright Paulsen, 2011-08-31 Survival in the wilderness Gary Paulsen writes about it so powerfully in his novels Hatchet and The River because he's lived it These essays recount his adventures alone and with friends along the rivers and in the woods of northern Minnesota There fishing and hunting are serious business requiring skill secrets and inspiration Luck too not every big one gets away This book takes readers through the seasons from the incredible taste of a spring fish fresh from the smokehouse to the first sight of the first deer to the peace of the winter days spent dreaming by the stove in a fishhouse on the ice In Paulsen's north country every expedition is a major one and often hilarious Once again Gary Paulsen demonstrates why he is one of America's most beloved writers for he shows us fishing and hunting as pleasure as art as companionship and as sources of life's deepest lessons
