50 Years Of Rock Music

Robert McParland

50 Years Of Rock Music:

50 Years of Rock Music Philippe Paraire, 1992-01-01 50 Years Of Rock Music A guide to the people origins styles and developments which have shaped rock music over five decades From the early stars who created rock to the modern groups who commercialize it 200 major names from B B King and Madonna to the Rolling Stones and Prince From the blues soul and reggae to punk funk and pop a catalogue of cultural change acknowledging individual and international influences

Rolling Stones Howard Kramer, 2011-09 Rolling Stones celebrates the key artistic events and achievements of one of the most successful rock bands ever **The Rock Canon** Carys Wyn Jones, 2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries **Rock Music, Authority and Western Culture, 1964-1980** James A. Cosby, 2024-01-26 The history of rock and roll music can be seen in a long arc of Western civilization s struggle for both greater individual expression and societal stability In the 1960s the West s relationship with authority ruptured in part due to the rock revolution The lessons and implications of this era have yet to be fully grasped This book examines the key artists music and events of the classic rock era defined here as 1964 to 1980 through a virtual psychoanalysis of the West Over these years important truths unfold in the stories of British Invaders hippies proto punks and more as well as topics to include drugs primal scream therapy the occult spirituality and disco and its detractors to name just a few Through a narrative that is equal parts entertaining scholarly and even spiritual readers will gain a greater appreciation for rock music better understand the confusing world we live in today and see how greater individuality and social stability may be better reconciled moving forward **Rock Music in American Popular Culture II** Frank Hoffmann, B Lee Cooper, Wayne S Haney, Beulah B Ramirez, 2015-12-22 From Who Put the Bomp in the Bomp Bomp Bomp to a list of all song titles containing the word werewolf Rock Music in American

Popular Culture II More Rock n Roll Resources continues where 1995's Volume I left off Using references and illustrations drawn from contemporary lyrics and supported by historical and sociological research on popular cultural subjects this collection of insightful essays and reviews assesses the involvement of musical imagery in personal issues in social and political matters and in key socialization activities From marriage and sex to public schools and youth culture readers discover how popular culture can be used to explore American values As Authors B Lee Cooper and Wayne S Haney prove that integrated popular culture is the product of commercial interaction with public interest and values rather than a random phenomena they entertainingly and knowledgeably cover such topics as answer songs interchanges involving social events and lyrical commentaries as explored in response recordings horror films translations and transformations of literary images and motion picture figures into popular song characters and tales public schools images of formal educational practices and informal learning processes in popular song lyrics sex suggestive tales and censorship challenges within the popular music realm war examinations of persistent military and home front themes featured in wartime recordings Rock Music in American Popular Culture II More Rock n Roll Resources is nontechnical written in a clear and concise fashion and explores each topic thoroughly with ample discographic and bibliographic resources provided for additional research Arranged alphabetically for quick and easy reference to specific topics the book is equally enjoyable to read straight through Rock music fans teachers popular culture professors music instructors public librarians sound recording archivists sociologists social critics and journalists can all learn something as the book shows them the cross pollination of music and social life in the United States

Fifty Years of the Concept Album in Popular Music Eric Wolfson, 2023-12-28 The concept album is one of popular music's most celebrated and misunderstood achievements This book examines the untold history of the rock concept album from The Beatles to Beyonc The roots of the concept album are nearly as old as the long playing record itself as recording artists began using the format to transcend a mere collection of songs into a listening experience that takes the listener on a journey through its unifying mood theme narrative or underlying idea Along the way artists as varied as the Moody Blues Jimi Hendrix Joni Mitchell Pink Floyd Parliament Donna Summer Iron Maiden Radiohead The Notorious B I G Green Day Janelle Mon e and Kendrick Lamar created albums that form an extended conversation of art and music Limits were pushed as the format grew over the subsequent eras Seminal albums like the Beatles Sgt Pepper's Lonely Hearts Club Band the Who's Tommy Marvin Gaye's What's Going On stand alongside modern classics like Liz Phair's Exile in Guyville Kendrick Lamar's good kid m A A d city and Beyonc's Lemonade Mixing iconic albums with some newer and lesser known works makes for a book that ventures into the many sides of a history that has yet to be told until now

Crosby, Stills, Nash and Young's 50-Year Quest Robert McParland, 2019-05-17 Crosby Stills Nash and Young with their distinct vocal harmonies blending of rock jazz folk and blues and political and social activism have remained one of the most enduring musical acts of the 1960s This book examines their songs and themes which continue to resonate with contemporary

listeners and argues that Crosby Stills Nash and Young reflect part of the broader story of American culture This appreciative volume contextualizes their work within the political climate of the late 1960s and makes the case that the values and concerns expressed in their music thread through the American experience today *So You Think You Know Rock and Roll?* Peter E. Meltzer, 2017-06-06 Rolling Stone magazine recently released its list of the 100 greatest albums in rock music history a period spanning more than fifty years Nearly 60 percent of those albums were released in the decade from 1965 to 1975 the golden age of classic rock This book is a wide ranging portrait of that transformative and remarkable time from the dawn of the singer songwriter era to days before disco This book is presented in a question and answer format but it is hardly a trivia book It covers such diverse topics as censorship chart phenomena album covers rock groupies manufactured bands one hit wonders rock festivals supergroups novelty songs and the Beatles All of the major figures of the 60s and 70s are here Cream CCR Jimi Hendrix Joni Mitchell Simon and Garfunkel the Who the Rolling Stones Led Zeppelin Bruce Springsteen Queen Neil Young the Eagles the Allman Brothers Lynyrd Skynyrd Stevie Wonder Elton John Linda Ronstadt Pink Floyd Billy Joel Marvin Gaye David Bowie James Taylor Carole King Aretha Franklin Lou Reed Carly Simon Laura Nyro and many others Exhaustively researched *So You Think You Know Rock and Roll* is filled with I never knew that moments on every page

The 1970s Rock Anthology Pasquale De Marco, *The 1970s Rock Anthology* is the definitive guide to the greatest era in rock music history In this book we will take a journey through the 1970s exploring the different genres of rock that emerged during this time as well as the key bands and albums that helped to shape the sound of the decade From the hard rock of Led Zeppelin to the progressive rock of Pink Floyd from the heavy metal of Black Sabbath to the Southern rock of Lynyrd Skynyrd the 1970s was a time of unparalleled creativity and innovation in rock music In this book we will explore the music the bands and the cultural impact of this iconic era We will also take a look at the social and political context of the 1970s and how it influenced the music of the time The Vietnam War the civil rights movement and the Cold War all had a profound impact on rock music and in this book we will explore how these events shaped the sound and message of the music *The 1970s Rock Anthology* is the perfect book for anyone who loves rock music or for anyone who wants to learn more about this important era in music history With in depth analysis of the key bands and albums of the decade as well as a look at the social and cultural context of the time this book is the ultimate guide to the 1970s rock scene If you like this book write a review

The Beatles Are the Greatest Rock Band of All Time and I Can Prove It Riley Haas, 2013-09-13 Who is the greatest band in rock history This book argues that it s the Beatles Don t think so Well read and find out This is as thorough an examination of the Beatles music in context as you will find If you are skeptical of the Beatles greatness read this book and you will be skeptical no longer this is an iron clad argument about the most seminal of rock bands
