756th Tank Battalion In The Battle Of Cassino 1944:

The 756th Tank Battalion in the Battle of Cassino, 1944 Roger Fazendin, 2003-07-08 Roger Fazendin spent the last three years of his life collecting memories from his 756th Tank Battalion brothers who survived WWII and the Battle of Cassino. Fazendin's design was to give the comrades who fought in that battle and their families a full picture of what the hell went on. Battle action is fast and disjointed; each soldier's grasp of the action is limited by the intense focus required by his specific orders, hardware, and survival imperatives. This book is a collection of material from over fifty survivors with a half dozen primary contributors into a coherent series of narratives. The results make for riveting reading. What is unique about this book is the fact that it is written by the men themselves, not by the commanders, not by historians, not by the military. It is a record written by mature men about the thoughts and memories recorded in their young minds while they were surviving the chaos and madness of unrelenting battle in terrible winter weather. Fazendin's additions of context and historical record make for a wise and compelling assembly of the experiences of one battle. Those who do not know history are doomed to repeat it. *The 756th Tank Battalion in the Battle of Cassino 1944* David D. Redle, Roger A. Fazendin, 1991

The Infantry's Armor Harry Yeide, 2010-02-17 Tanks, amphibian tanks, and amphibian tractors in action in all theaters from Africa and Europe to the Pacific. How the battalions fought the war, often in the tankers' own words. Crystal clear maps. **Men of Armor** Jeff Danby, 2022-12-01 Winner 2022 Army Historical Foundation Distinguished Writing Awards. Unit History. This second volume follows on from the first in recounting the WWII history of B Company, 756th Tank Battalion in vivid detail. The outfit, since upgraded from M5 light tanks to M4 Sherman mediums, claws through some of the toughest battles of WWII from a horrific stalemate at Cassino in February 1944 through the bloody Operation Diadem May breakout to the stunning capture of Rome on 4 June 1944. This unique multi-volume history covers the full spectrum of experiences of the men in one tank company from inception in June 1941 through the occupation of Germany in 1945. An American tank company in WWII.

consisted of only five officers and approximately 100 enlisted men all living traveling and fighting in seventeen tanks two jeeps one truck one half track and one tank retriever Uniting the official record with the rich personal accounts of the participants the reader is swept along a highly detailed and shocking journey chronicling the evolution of American armor doctrine and tank design from June 1941 through VE Day The B Company tankers often fought at a disadvantage struggling to survive a myriad of battlefield challenges and triumph against enemy armor better armed and better protected What was once envisioned as a warfare of sweeping armored formations managed by West Point lieutenant colonels and ROTC captains quickly devolved into small unit street fights relying more and more on the initiative resourcefulness and cunning of lowly OCS lieutenants and combat seasoned sergeants The journey is long unforgiving and brutal and 47 tankers would be lost along the way

Men of Armor, Part One: Beginnings, North Africa, and Italy, Part I Jeff Danby, 2021-07-31 With its focus on tank crew members and their commanders this is a unique addition to the literature on WWII A Harding Ganz Associate Professor Emeritus of the Ohio State University at Newark author of *Ghost Division* After the shocking fall of France in June 1940 the U S Army embarked on a crash program to establish a new armored force One of the units formed was the 756th Tank Battalion Light activated at Fort Lewis in June 1941 Because of severe equipment shortages the new battalion trained without tanks for several months but by early 1942 were equipped with new M3 light tanks While companies A and C took part in Operation Torch B was withheld for lack of cargo space in the transport ships and rejoined the battalion two months later in North Africa The units undertook reconnaissance missions following the landings in Salerno In December 1943 the battalion was ordered to upgrade to a medium tank Sherman unit Given less than a month to reorganize and train in M4s the battalion was sent into the Mignano Gap and supported the 34th Infantry Division in the capture of Cervaro and Monte Trocchio B Company also supported the troops of the 100th Battalion on bloody but ill fated attempts to cross the Rapido river before finally establishing a secure bridgehead The nearby town of Cairano was also captured opening an avenue for an attack on Cassino Based on decades of research and hours of interviews with veterans of the 756th Tank Battalion Jeff Danby's vivid narrative puts the reader in the turret of B Company's Shermans as they ride into battle The level of detail is impressive

WWII History Magazine

Going for Broke James M. McCaffrey, 2013-04-30 When Japanese forces attacked Pearl Harbor on December 7 1941 Americans reacted with revulsion and horror In the patriotic war fever that followed thousands of volunteers including Japanese Americans rushed to military recruitment centers Except for those in the Hawaii National Guard who made up the 100th Infantry Battalion the U S Army initially turned Japanese American prospects away Then as a result of anti Japanese fearmongering on the West Coast more than 100 000 Americans of Japanese descent were sent to confinement in inland relocation centers Most were natural born citizens their only crime their ethnicity After the army eventually decided it would admit the second generation Japanese American Nisei volunteers it complemented the 100th Infantry Battalion by creating the 442nd Regimental Combat Team This mostly Japanese American unit consisted of

soldiers drafted before Pearl Harbor volunteers from Hawaii and even recruits from the relocation centers In *Going for Broke* historian James M McCaffrey traces these men s experiences in World War II from training to some of the deadliest combat in Europe Weaving together the voices of numerous soldiers McCaffrey tells of the men s frustrations and achievements on the U S mainland and abroad Training in Mississippi the recruits from Hawaii and the mainland have their first encounter with southern style black white segregation Once in action they helped push the Germans out of Italy and France The 442nd would go on to become one of the most highly decorated units in the U S Army McCaffrey s account makes clear that like other American soldiers in World War II the Nisei relied on their personal determination social values and training to go for broke to bet everything even their lives Ultimately their bravery and patriotism in the face of prejudice advanced racial harmony and opportunities for Japanese Americans after the war

The Battles for Monte Cassino Jeffrey Plowman,Perry Rowe,2022-09-21 This WWII illustrated history examines the 1944 Allied attack on Italy with archival combat images paired with photos of the terrain today The Battles for Monte Cassino a vital stronghold on the road to Rome encompassed one of the few truly international conflicts of the Second World War The fighting lasted four months and cost the lives of more than 14 000 men from eight nations Between January and May 1944 forces from Britain Canada France India New Zealand Poland and the United States fought a resolute German army in a series of battles in which the advantage swung from one side to the other From firefights in the mountains to tank attacks in the valley from river crossings to street fighting the four battles of Cassino encompass a series of individual operations unique in the history of the Second World War This richly illustrated volume narrates the campaign through a fascinating series of then and now comparisons juxtaposing combat photos with modern images of the same beaches mountains and streets where the fighting took place

Buttoned Up Westin Ellis Robeson,2018-03-05 Independent tank battalions were small self contained armored units attached to larger infantry divisions as necessary during World War II The United States Army believed this would provide infantry the firepower and protection it needed on an ever changing battlefield In *Buttoned Up American Armor and the 781st Tank Battalion in World War II* Westin E Robeson explores the contribution of American armor to the Allied victory in World War II Robeson first provides contextual background with a consideration of the history of the tank itself and the development of armor doctrine during the First World War and interwar years He then addresses the rebirth of American armor in response to the German attacks in Europe Finally he focuses on a particular independent tank battalion the 781st as a case study of the effectiveness of armor in World War II *Buttoned Up* introduces the reader to the application of American armored doctrine and provides a new understanding of the tank as a weapon

On to Rome Jon Diamond,2018-05-30 Early in 1944 the Allied advance was halted by the German defence of the Gustav Line Even with the deployment of Eighth Army reinforcements from the Adriatic every effort to capture Monte Cassino failed Fifth Armys VI Corps amphibious landing at Anzio in January while initially successful stalled in the face of formidable German counter attacks and the beach head was

effectively besieged The stalemate at Anzio and along the Gustav Line was finally broken in mid May by the Allied Spring offensive After bitter fighting and the total destruction of the famous Benedictine Abbey the Germans began their withdrawal towards Rome Days later the reinforced VI Corps broke out of the Anzio bridgehead and linked up with Fifth Army units on 25 May But by evading the Allied attempt to trap them south of Rome and despite Rome being occupied by the Allies in early June the bulk of the German 14th Army lived to fight another day The Italian campaign had another nine costly months to run This superbly researched account traces the course of the bitterly fought battles between January and June 1944 in words and images
