D Randall Ashcraft

911 Hijacking The World:

9/11/2001 The Day Patriotism was Hijacked D Randall Ashcraft, 2020-09-28 Having been taught patriotic ideas from an early age then having served in the military and taking the oath to protect and defend the Constitution from all enemies foreign and domestic several times the author has written this book after having to redefine his beliefs regarding patriotism based on new evidence he has encountered In other words his patriotism has evolved to the point of getting back to the basics regarding the Constitution and Bill of Rights the foundation of American life yet they have taken serious hits since and because of 9 11 01 This book is an attempt to share with his fellow Americans things that have been apparently deliberately withheld from the general public regarding what really happened that day and why One must admit that it is strange that we have always seemed to have an enemy or a boogeyman as Mobster Sam Giancana once related The Fat Cats were fully aware that Americans will do anything for Patriotism hence you always must provide them with a boogeyman They won't overwork themselves just to make huge profits for fat cats for any other reason so new enemies always have to be found or created Wars are big business for a certain group of wealthy elites who value profits above human life This book explores this inhumane idea and much much more [Hacking Planet Earth](#) Thomas M. Kostigen, 2020-03-24 An exploration of the cutting edge technology that will enable us to confront the realities of climate change For decades scientists and environmentalists have sounded the alarm about the effects of global warming We are now past the tipping point As floods storms and extreme temperatures become our daily reality Reduce Reuse Recycle efforts aren't enough anymore In *Hacking Planet Earth* New York Times bestselling author Thomas Kostigen takes readers to the frontlines of geoengineering projects that scientists entrepreneurs engineers and other visionaries around the world are developing to solve the problems associated with climate change From giant parasols hovering above the Earth to shield us from an unforgiving sun to lasers shooting up into clouds to coax out much needed water Kostigen introduces readers to this inspiring work and the people who are spearheading it These futurist far thinking world changing ideas will save us and *Hacking Planet Earth* offers readers their new vision for the future *Hijacking America's Mind On 9/11* Elias Davidsson, 2013 An international researcher of long date and an expert in international law and human rights the author's approach to the questions of 9 11 is essentially forensic The book is narrative in style yet is highly factual and heavily annotated **America Hijacked** S M Carlson, 2019-02-03 All throughout recorded history politicians have taken bribes from outside parties to push certain agendas either profiting themselves or helping others profit through illicit and illegal actions We know this common practice is wrong and yet we all tend to look the other way Before examining these actions should we look at the commonalities Just how did Deep State actors from LBJ to Obama hijack the country that we love How did the Clinton Foundation and the Bush Foundation change the course of American domestic politics and international policy On the surface it may seem as though the course of history has diverted and deviated from the path throughout our time as a nation but who is leading the ship Who is in control And more

importantly why What are their motives As ordinary Americans we are the ones who suffer from the repercussions Let s take a deeper look into the Clintons the Bushes Kennedy Johnson and even Donald Trump himself to see just how the Deep State has impacted the world we love and the country we love Motivated by money and power Deep State actors grasped control of this country long ago and since the election of Donald Trump they ve been grabbing and grasping for any last shred of power that they once held over us Understanding how these actors received their power is critical in understanding why they abused it Through America Hijacked we ll take a critical look into the policies and practices of nearly every administration up until modern day to see just how the Deep State came to be and how they hijacked America for their own personal benefit So where does the issue lie It lies in the fact that when our elected representatives use their status and political power to cover up crimes and purposefully make conscious unlawful decisions that impact the lives of ordinary Americans they hijack our country our principles and everything that we stand for all for the profit and political gains of the few This is the Deep State
