The Beatitudes in Context M. Dennis Hamm,1990 The Beatitudes through the Ages Rebekah Eklund,2021-04-27

The Beatitudes are among the most influential teachings in human history For two millennia they have appeared in poetry and politics and in the thought of mystics and activists as Christians and others have reflected on their meaning and shaped their lives according to the Beatitudes wisdom But what does it mean to be hungry or meek or pure in heart Is poverty a material condition or a spiritual one And what does being blessed entail In this book Rebekah Eklund explores how the Beatitudes have affected readers across differing eras and contexts From Matthew and Luke in the first century to Martin Luther King Jr and Billy Graham in the twentieth Eklund considers how men and women have understood and applied the Beatitudes to their own lives through the ages Reading in the company of past readers helps us see how rich and multifaceted the Beatitudes truly are illuminating what they might mean for us today **The Beatitudes** Christopher J. Mertens,1901 Mankind is created in the image and likeness of God for the purpose of sharing in the Divine Life and participating in the blessedness of the infinite glory and goodness of the Holy Trinity This Beatific Vision is not seeing God in His essence but rather seeing God by possessing Him within oneself Communion with God is attained through the cooperation of the divine and human will whereby the follower of Jesus Christ puts on Christ through the sacraments of the Church and imitates the life of Christ through the sanctifying work of the Holy Spirit to the glory of God the Father Amen Jesus describes in the opening words of His Sermon on the Mount all that produces beatitude The very intent of the Beatitudes is to issue the Father s divine call for man to enter in the blessedness of the Divine Life Therefore the Beatitudes illuminate the pathway to theosis deification or divinization which is a journey of eternal progress in the virtuous life by which a perpetual transformation is made into the likeness of God from glory to glory The Scriptures and the patristic writings of the Church Fathers provide the theological foundation of this book the objective of which is to provide a guide for the soul to consciously advance in the spiritual life toward the divine goal of theosis in a step by step concrete way Dr Christopher J Mertens is a deacon in the Antiochian Orthodox Christian Archdiocese of North America He serves at the parish of Saint Basil the Great in Hampton Virginia He received a master s degree in Applied Orthodox Theology from the Antiochian House of Studies in partnership with the Saint John of Damascus School of Theology of the University of Balamand in the Republic of Lebanon under the aegis of the Greek Orthodox Patriarchate of Antioch He is a Knight of the Order of St Ignatius of Antioch He holds a PhD in Physics from the Georgia Institute of Technology and is a Senior Research Physicist at NASA Langley Research Center in Hampton Virginia His areas of research are space weather and geospace environment modeling galactic and solar cosmic rays space and atmospheric ionizing radiation and dosimetry He has published over 100 peer reviewed journal articles on his scientific research He is a recipient of the NASA Exceptional Scientific Achievement Metal and numerous other professional awards Father Deacon Christopher and his wife Rhonda
