**François Alexandre M.R. de La
Bouillerie (abp. of Perga.)**

Beauty Of The Eucharist:

The Beauty of the Eucharist, 2010 This book examines what some of the most prominent voices of Christianity's distant past have taught about the Eucharist. The author's goal is to look at how the proponents of an emerging Christian orthodoxy understood, celebrated, and presented the Eucharist in the centuries immediately following the end of the apostolic era. Dennis Billy has done a masterful job of exposing us to almost 600 years of Christian belief on the Eucharist as reflected in the Fathers of the Church. He reminds us that this living faith of the dead is part of our heritage, something that we ignore only at our peril and loss. His writing is clear, practical, and his treatment of each Father consistent. He helps us to see how each writer adds to the mosaic and richness of our Eucharistic faith. Especially helpful are the reflection questions that end each chapter, as these force readers to plumb the depth of their own understanding and faith and to examine how the Eucharist affects the whole of their Christian lives. I recommend it highly. Paul Bernier, Editor, Emmanuel Magazine.

Eating Beauty Ann W. Astell, 2016-02-09 The enigmatic link between the natural and artistic beauty that is to be contemplated but not eaten on the one hand and the eucharistic beauty that is both seen with the eyes of faith and eaten on the other intrigues me and inspires this book. One cannot ask theological/aesthetic questions about the Eucharist without engaging fundamental questions about the relationship between beauty, art, broadly defined, and eating from *Eating Beauty*. In a remarkable book that is at once learned, startlingly original, and highly personal, Ann W. Astell explores the ambiguity of the phrase "eating beauty." The phrase evokes the destruction of beauty, the devouring mouth of the grave, the mouth of hell. To eat beauty is to destroy it. Yet in the case of the Eucharist, the person of faith who eats the Host is transformed into beauty itself, literally incorporated into Christ. In this sense, Astell explains, the Eucharist was productive of an entire way of life, a virtuous life form, an artwork with Christ himself as the principal artist. The Eucharist established for the people of the Middle Ages distinctive schools of sanctity: Cistercian, Franciscan, Dominican, and Ignatian, whose members were united by the eucharistic sacrament that they received. Reading the lives of the saints not primarily as historical documents but as iconic expressions of original artworks fashioned by the eucharistic Christ, Astell puts the faceless Host in a dynamic relationship with these icons. With the advent of each new spirituality, the Christian idea of beauty expanded to include first the marred beauty of the saint and finally that of the church torn by division, an anti-aesthetic beauty embracing process, suffering, deformity, and disappearance, as well as the radiant lightness of the resurrected body. This astonishing work of intellectual and religious history is illustrated with telling artistic examples ranging from medieval manuscript illuminations to sculptures by Michelangelo and paintings by Salvador Dalí. Astell puts the lives of medieval saints in conversation with modern philosophers as disparate as Simone Weil and G. W. F. Hegel. *The Beauty of the Eucharist* Rosemary Vaccari Mysel, Peter I. Vaccari, 2005 This exquisite collection of reflections on Eucharistic spirituality, taken from the letters, journals, diaries, and other writings of some of North America's most eloquent believers, offers readings and meditations highlighting the treasured place of the

The Beauty of Jesus Christ Gerald O'Collins, 2020-03-30 This book anchors its account of the beauty of Jesus Christ to a scheme found in St Augustine of Hippo's *Expositions of the Psalms*. There Augustine recognized the beauty of Christ at every stage from his pre-existence beautiful in heaven through his incarnation the public ministry beautiful in his miracles beautiful in calling to life passion crucifixion burial resurrection beautiful in taking up his life again and glorious life in heaven. Augustine never filled out this laconic summary by writing a work on Christ and his beauty. *The Beauty of Jesus Christ* seems to be the first attempt in Christian history to write a comprehensive account of the beauty of Christ in the light of Augustine's list. The work begins by offering a working description of what it understands by beauty as being perfect harmonious and radiant. Beauty above all the divine beauty enjoys inexhaustible meaning and overlaps with the holy or the awesome and fascinating mystery of God. Loving beauty opens the way to truth and helps us grasp and practise virtue. The book needs to add some items to Augustine's list by recognizing Christ's beauty in his baptism transfiguration and post-resurrection sending of the Holy Spirit. It also goes beyond Augustine by showing how the imagery and language Jesus prepared in his hidden life and then used in his ministry witness to the beautiful sensibility that developed during his years at home in Nazareth. Throughout this book draws on the Scriptures to illustrate and justify Augustine's brief claims about the beauty revealed in the whole story of Christ from his pre-existence to his risen post-existence. Where appropriate it also cites the witness to Christ's beauty that has come from artists composers of sacred music the creators of icons and writers.

The book seeks to cover the whole range of Caldecott's interests from poetics to politics. Anyone interested in the field of theology and the arts will find much to intrigue them in this delightful multi-authored volume. The common core of Stratford's interests is in the beauty of the cosmos and how it reflects the beauty of God. This book is about the beauty of God's realm and it conceives God's realm as the arts politics liturgy religions and human life. It touches on the many places where beauty and spirituality overlap. It is an engagement in theological aesthetics that goes well beyond the aesthetic.

the author relying on the research he carried out in Igboland Nigeria leads us to see the action of God's grace already active in the Igbo religious culture called Omenala Ndigbo before the coming of Christian missionaries and how these cultural values have prepared the people to receive the Gospel. But as he points out these cultural values on which the Christian message ought to have been built from the beginning were grossly misunderstood and neglected. The Igbo people are now mainly Christians. But because the Gospel has not yet become their culture some of them have double allegiance to the doctrines of the Church and to the practices of Omenala Ndigbo. The author opines that to build the Catholic Church in Igboland on a solid foundation the Eucharist must take the central place since the Eucharist makes the Church and is the source and summit of the life of the Church. Thus the work which uses the analytical and hermeneutical method known as inculturation is on Eucharistic Ecclesiology from an Igbo perspective and will be useful for the Church both at the local and universal levels for self understanding and renewal, ecumenism, dialogue and mission.
