A simile is a way of making a comparison. It shows the similarity between two opposite things.

Personification is a poetic device in which an animal, idea, or thing is given human characteristics.

In an oxymoron, two contradictory ideas are put together side by side or in a sentence to create a good effect.

Metaphor is a comparison between two unlike things. It shows the resemblance between two completely different things

Allegory is a poetic device in which abstract ideas are portrayed through characters, events, and figures.

An allusion is an indirect reference to a place, a person, or an idea of political, historical, or cultural significance.
