Assassination Of President Kennedy Opposing Viewpoints:

The Assassination of President Kennedy Jeffrey Waggoner, 1989 Examines conflicting evidence in the Kennedy Case
The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004 The Radical Right and the Murder of John F Kennedy Stunning Evidence in the Assassination of the President Harrison E Livingstone s major new book the fifth of his works on the death of JFK brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22 1963 The book represents forty years of work The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X rays which Mr Livingstone first exposed the alteration of the autopsy report the framing of the designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century Decoding the Forgery of the Zapruder Film *Investigation of the Assassination of President John F. Kennedy* ,1964 **American History** Wendy Conklin, 2005 Designed to help students think critically about mysteries in American history Includes teacher lesson plans background information and student activities Thinking Critically About the Kennedy Assassination Michel Jacques Gagné, 2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK s shocking and untimely death As we approach the 60th anniversary of the violent public assassination of

President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book s opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy s life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK s murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking **Liberty**

Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It s an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand s philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved CIA Rogues and the Killing of the Kennedys Patrick Nolan, 2013-11-01 The US Central Intelligence Agency is no stranger to conspiracy and allegations of corruption Across the globe violent coups have been orchestrated high profile targets kidnapped and world leaders dispatched at the hands of CIA agents During the 1960s on domestic soil the methods used to protect their interests and themselves at the expense of the American people were no less ruthless In CIA Rogues and the

Killing of the Kennedys Patrick Nolan fearlessly investigates the CIA's involvement in the assassinations of President John F Kennedy and Senator Robert F Kennedy why the brothers needed to die and how rogue intelligence agents orchestrated history's most infamous conspiracy Nolan furthers the research of leading forensic scientists historians and scholars who agree that there remain serious unanswered questions regarding the assassinations of John F Kennedy fifty years ago and Robert F Kennedy in 1968 He revisits and refutes what is currently known about Lee Harvey Oswald and Sirhan Bishara Sirhan and offers readers a compelling profile of the CIA's Richard Helms an amoral master of clandestine operations with a chip on his shoulder Bolstered by a foreword by Dr Henry C Lee one of the world's foremost forensic authorities CIA Rogues and the Killing of the Kennedys is an unmatched effort in forensic research and detective work As the fiftieth anniversary of the JFK assassination approaches Nolan has made a significant contribution to the literature on that fateful day in Dallas as well as shed light on that dark night at the Ambassador Hotel Readers interested in conspiracy the Kennedy family or American history will find this book invaluable

The Assassination of JFK Robert A. Wagner, 2017-03-07 The Assassination of JFK Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy's successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit JFKassassinationperspectives.com for more information and to comment

Why the JFK Assassination Still Matters Richard Buyer, 2009 We live in a great country Yet we must have faith and trust in our government or we cannot succeed On the other hand the government must also believe in its own people Both factions must tell the truth For this reason the JFK assassination still matters History cannot be replayed but it can be

rewritten Why read another book about the JFK assassination It s simple the major crime of the twentieth century remains unsolved Although the assassination of President John F Kennedy happened in 1963 the reverberations of this horrific event are still felt today Discrepancies and questions about the assassination remain unanswered Was there a conspiracy behind the assassination If so who was involved Why the JFK Assassination Still Matters discusses new ideas showing Lee Harvey Oswald never fired a shot at the president The Warren Commission was a hoax and the single bullet theory was physiologically impossible Strange bedfellows emerged when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba About the Author Dr Richard Buyer has been practicing medicine for over thirty five years The assassination of President John F Kennedy was probably the greatest tragedy he has personally experienced He wrote this book to help his children learn the truth behind this horrific event His daughter Kennedy happened to be born on the anniversary of the assassination It is Dr Buyer s goal that all children as well as adults will finally learn the truth about the assassination Warren Commission Report United States.
