care Lifestyle Medicine Jeffrey I. Mechanick, Robert F. Kushner, 2025-05-26 This book represents the third in a series of Springer textbooks on Lifestyle Medicine by Dr Mechanick and Dr Kushner The first book focused on theory and practice concepts The second book focused on implementation with a specific tactic of building a lifestyle medicine center This third book focuses on scientific evidence to close research gaps knowledge gaps and practice gaps The general intent is to imbue the field of lifestyle medicine with scientific evidence The other intent is to continue advancing a culture of preventive care for chronic disease using lifestyle medicine but again through a tactic of emphasizing science evidence and critical thinking Lifestyle Medicine Closing Research Practice and Knowledge Gaps is organized into three sections In the first section driver based chronic disease models and other elements that pertain to lifestyle medicine are explored in terms of current levels of scientific substantiation In the second section educational modalities are presented that can improve awareness of scientific and experiential knowledge by healthcare professionals Topics include innovative teaching models web based activities training and accreditation programs and certification exams In the third section a variety of clinical scenarios are presented to highlight practice gaps implementation issues where there is inadequate clinical action despite an awareness of the pertinent knowledge The topics span critical domains that must be addressed so that lifestyle medicine can lead to favorable outcomes in people and populations at risk These domains include alcohol and substance abuse colitis brain health environmental risk pharmacotherapy de escalation routine change socioeconomics transculturalization advanced analytics home cardiac rehabilitation digital twin technology and a highly referenced discussion of the lifestyle medicine ecosystem and infrastructure Care is taken to provide not only theoretical foundations but also case studies where appropriate to emphasize critical aspects In conclusion this third book on Lifestyle Medicine will complement the previous two Springer books and define a compendium of resources necessary for anyone interested in this field **Metal Organic Frameworks**

Victoria Samanidou, Eleni Deliyanni, 2020-03-27 Metal organic frameworks are among the most promising novel materials The concept of MOFs was first introduced in 1990 They were actually initially used in catalysis gas separation membranes electrochemical sensors Later on they were introduced as SPE sorbents for PAHs Polycyclic Aromatic Hydrocarbons in environmental water samples then the range expanded to the field of analytical chemistry both in chromatographic separation and sample preparation with great success in e g SPE and SPME Solid Phase Micro extraction Since then the number of analytical applications implementing MOFs as sorbents in sorptive sample preparation approaches is increasing this is reinforced by the fact that at least theoretically an infinite number of structures can be designed and synthesized thus making tuneability one of the most unique characteristics of MOF materials Moreover they have been designed in various shapes such as columns fibers and films so that they can meet more analytical challenges with improved analytical features Their exceptional properties attracted the interest of analytical chemists who have taken advantage of the unique structures and properties and have already introduced them in several sample pretreatment techniques such as solid phase extraction
