Bahamas Handbook and Businessman's Annual ,2003      *Bahamas Handbook* Bahamas,1998      *Bahamas Handbook and Businessman's Annual* Etienne Dupuch (Jr.),Benson McDermott,1980      Bahamian Students' Experiences with Mathematics in American Universities and Colleges Nikki Rochelle Cleare,2011 This longitudinal qualitative multi case study examines the mathematical experiences of three Bahamian students pursuing science degrees in American universities and its relationship to their previous mathematical experiences in their Bahamian high schools Drawing on cultural psychology and sociocultural theories of learning this study found that the relationship between the academic preparedness of the participants on their experiences with collegiate mathematics is not limited to subject content only The lessons learnt from the implied curriculum also play a role in their experiences with collegiate mathematics Of the three participants two have had to learn develop techniques for studying because they had not been sufficiently challenged in their previous environments to do so Each of the cases also highlights some powerful constructs needed for success in mathematics and at least two emphasize making connections between concepts procedures manipulatives tools and multiple approaches when solving problems This study contributes to an emerging area of research on student persistence in college level mathematics courses as well as to the ongoing discussions in mathematics education regarding the role importance of conceptual understanding and how to promote it The study makes visible some of the ways in which students post secondary experiences with mathematics are shaped by their perception of their mathematical preparation thus providing a basis for discussions of possible curricular change in the Bahamas It also suggests that issues such as confidence and school teacher expectations of students may play a role in the development of conceptual understanding      Mosby's Pocket Guide to Cultural Health Assessment Carolyn D'Avanzo,2007-11-19 A streamlined and concise format with thumb tabs dividing each section makes this pocket guide the perfect quick reference tool Thoroughly updated content includes new country names and their demographics patient data health care practices and other cultural implications that affect care of today s culturally diverse patient population New international contributors bring together a wealth of information on the specifics of care for patients from over 170 countries Includes more historical and political information for each country to provide current background information Increased emphasis on how a population appears in the worldview and how their religion affect decision making gives you a fuller perspective on each country s culture More information on naturalistic healing and practices helps you treat patients from a variety of backgrounds      **Bahamas Handbook and Businessman's Annual, 1966/67** ,1966      *Bahamas Handbook and Businessman's Annual. -- 1960-. ,1960*      **Bahamas Handbook and Businessman's Annual, 1965-66** ,1966      *Offshore* Brooke Harrington,2024-09-17 A Financial Times Best Book of the Year Featured on The Daily Show with Jon Stewart and recommended by Anne Applebaum on The Ezra Klein Show An essential read for our times Ruth Ben Ghat author of *Strongmen* An eye opening account of offshore finance a secretive system making the rich richer while corroding democracy

capitalism and the environment How do the rich keep getting richer while dodging the long arm of the law From playboy billionaires avoiding taxes on private islands to Russian oligarchs sailing away from sanctions on their superyachts the ultra rich seem to live in a different world from the rest of us That world is called offshore Hidden from view the world's ultra rich can use offshore finance to escape tax obligations labor and environmental safety regulations campaign finance rules and other laws that get in their way In *Offshore Stealth Wealth and the New Colonialism* sociologist Brooke Harrington reveals how this system works as well as how it degrades democracy the economy and the public goods on which we all depend Harrington spent eight years infiltrating this secretive world by training as a wealth manager traveling from glossy European and North American capitals to developing countries in South America and Africa to islands in the Indian Ocean Caribbean and South Pacific regions Through interviews with dozens of wealth managers in nineteen countries Harrington uncovered how this global network of offshore financial centers arose from the remnants of colonialism and has created a new hidden imperial class This engrossing deep dive reveals what offshore finance costs all of us and how it has colonized the world not on behalf of any one country but to benefit a largely invisible empire of a few thousand billionaires who help themselves to the best society has to offer while sticking us with the bill As politicians struggle to address the deepening economic and political inequality destabilizing the world Harrington's exposé of the offshore system is a vital resource for understanding the most pressing crises of our time
