Balanced Apologetics Using Evidences And Presuppositions In Defense Of The Faith:

Balanced Apologetics Ronald B. Mayers, 1996 Presents an approach to defending Christian faith that balances the two schools of evidentialism and presuppositionalism Demonstrates the interdependence of the two approaches while supporting the strengths of each

Reasons for Faith (Foreword by Lee Strobel) Norman L. Geisler, Chad V. Meister, 2007-10-26 Many Christians want to witness for their faith but they are afraid they will not be able to answer questions that others may ask of them First Peter 3 15 reminds believers to always be prepared to make a defense to anyone who asks you for a reason for the hope that is in you Norman Geisler and Chad Meister realize the fear of facing questions about the Christian faith Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today's society

Faith Has Its Reasons Kenneth Boa, Robert M. Bowman Jr., 2012-01-05 A most accessible but thoroughly practical primer on apologetics

How to Defend the Christian Faith John W. Loftus, Peter Boghossian, 2015-11-01 The first book on Christian apologetics written by a leading atheist figure that teaches Christians the best and worst arguments for defending their faith against attack The Christian faith has been vigorously defended with a variety of philosophical historical and theological arguments but many of the arguments that worked in an earlier age no longer resonate in today's educated West Where has apologetics gone wrong What is the best response to the growing challenge presented by scientific discovery and naturalistic thought Unlike every work on Christian apologetics that has come before *How to Defend the Christian Faith* is the first one written by an atheist for Christians As a former Christian defender who is now a leading atheist thinker John Loftus answers these questions and more He shows readers why Christian apologists have failed to reach the intelligent nonbeliever and offers practical advice for Christians whether they want to better defend their faith against atheist arguments or actively convert more individuals to Christianity

CHRISTIAN APOLOGETICS Edward D. Andrews, 2023-02-09 A comprehensive guide to Christian Apologetics this book explores the evidence and arguments for God's existence the Bible's reliability and the truth of Christianity From the historical evidence for Jesus' life, death and resurrection to the moral and cosmological arguments for God's existence this book thoroughly examines the key issues and topics in apologetics It also delves into the scientific evidence for intelligent design and the origin and diversity of life and discusses the evidence for the human soul and the afterlife With chapters on the concept of miracles the historical evidence for miracles and the reality of the Christian experience this book provides a robust defense of the Christian faith and its relevance in contemporary culture The author has strived to write in a clear and accessible style and to use clear and concise language to convey complex ideas and arguments Using examples, illustrations and case studies can help make the material more engaging and accessible to a broader audience

Principles of the Law of Evidence and Rationality Applied in the Johannine Christology Henry Hock

Guan Teh, 2016-02-10 Those who give primacy to evidence in the apologetic task have long maintained that 1 this is exactly the biblical writers approach maintaining as they do that they saw and heard the things of which they speak and 2 such reasoning is fundamental to society in general as exemplified in every civilised legal system Henry Hock Guan Teh concretises these vital points by way of the Gospel of John where the Apostle consistently marshals eyewitness evidence to show that Jesus is the Christ the Son of God and that believing you might have life through His name John 20:31 No finer or more scholarly support for a biblically grounded factual juridically sophisticated defence of Christian truth is available Professional and lay evangelists and anyone endeavouring to preach the gospel to every creature simply must obtain and benefit from this book And sceptical lawyers needless to say owe it to themselves to wrestle with the author's case for the only historical religion that holds up in court John Warwick Montgomery Ph.D. LL.D. Professor Emeritus of Law and Humanities University of Bedfordshire England Distinguished Research Professor of Philosophy Concordia University Wisconsin USA Director International Academy of Apologetics Evangelism and Human Rights Strasbourg France Dr Teh's book is in the same genre as those by Simon Greenleaf professor Dr John Warwick Montgomery Craig Parton Esq and Prof Dr Ross Clifford As can be seen by the title Dr Teh concentrates on the Gospel of John chapter by chapter His powerful argument can even be comprehended by those of us not legally trained Recommended Dr Rod Rosenblatt Professor of Theology Concordia University Irvine 1517legacy.com This book will greatly help people understand the legal historical and rational case for Christianity Dr Henry Teh uniquely focuses on John's gospel and establishes the Case for Jesus Resurrection through the best evidence principle This emphasises on John's gospel establishes that it is a key text for Christian apologetics The book is a compelling read for those who take 1 Peter 3:15 seriously And for those who believe Jesus is a fairy tale it will cause them to reconsider the fact of his Resurrection It is well written and a must addition to one's apologetic armoury Rev Dr Ross Clifford AM Principal of Morling Theological College Sydney Australia Author of John Montgomery's Legal Apologetic Henry Hock Guan Teh obtained his Ph.D. from Trinity Theological Seminary Indiana USA where he studied apologetics under Prof John Warwick Montgomery and also at International Academy of Apologetics Evangelism Human Rights Strasbourg France With two British law degrees he was also a trial lawyer and chief law examiner Presently Henry Teh is adjunct lecturer in Philosophy Ethics and Law

The Historical Development of Legal Apologetics William P. Broughton, 2009 The Historical Development of Legal Apologetics This book will indicate that legal apologetics has a history that is co-extensive with Christianity itself It is unified by faith and reason and requires a fact-based defense that seeks probable judgment rather than absolute certainty but nevertheless would be conclusive in a court of law It will provide a comparative examination of the legal model as a form of evidentialism and alternative models or schools There are many clear contrasts among apologetic approaches for example evidentialism is definitely J.W. Montgomery's approach and presuppositionalism is definitely the approach of Cornelius Van Til However this book is not only about the differences between evidentialism and

presuppositionalism since there are other models to consider each of which adopts a model different from both the evidentialist approach and the presuppositional approach This work concludes with an assessment of how closely a Montgomery type legal apologetic accords with the specific needs of the historical era in which it has emerged and ascended from the 1960 s to the present Apologetics is the response to the central claims that the faith faces from inside and outside the Christian religion The resurrection of Jesus is assaulted from many quarters Furthermore large scale secularism and pluralism has resulted with the development of large scale multi culturism in our society Legal apologetics focuses squarely on proving the factual reality of Jesus resurrection and is an apologetic which is particularly well suited to our times with its emphasis on factual evidence BILL BROUGHTON received his B A from Concordia University in Montreal Canada his M Div from McMaster Divinity College in Hamilton Ontario Canada and his D Min from Trinity Seminary in Newburgh Indiana He is a retired pastor in the United Church of Canada and lives in Arnstein Ontario with his wife Bonnie

To Everyone an Answer Francis J. Beckwith, William Lane Craig, J. P. Moreland, 2009-08-20 In a society that believes anything goes the Christian worldview faces aggressive opposition Francis J Beckwith William Lane Craig and J P Moreland assembled the essays in this book covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith

Truth in Balance Carmen DiCello, 2009-06-02 The gospel of Jesus provides hope for humanity access to God purpose for human existence and empowerment for daily living These and other benefits are revealed by God but they also require a human messenger It is thus the responsibility of believers to share the truth via life and word In the real world however there are many obstacles to faith which is why it is essential to explain defend and show forth the truth thus the need for apologetics However not all agree on how best to approach apologetics and numerous suggestions have been put forth This is why as Carmen DiCello reminds us it is imperative that we think through what it means to be able to give an answer for the hope that is in us Truth in Balance addresses issues that encourage an apologetic that remains faithful to Scripture while illuminating the beauty and wonder of the Christian gospel in today s culture

John of Damascus, First Apologist to the Muslims Daniel J. Janosik, 2016-11-08 Much of the world today is convulsed in an epic struggle between the Christian West and Islam Scholars seeking to understand the issues look back in history to unearth the roots of this conflict Of great value in this effort are the writings of an eyewitness a devoted Christian who served as chief financial officer of the Umayyad Empire and wrote at the time Islam was developing John of Damascus 675 750 authored two major works the Heresy of the Ishmaelites and the Disputation between a Christian and a Saracen to provide an apologetic response to Islam from a Christian perspective His writings shed light on many questions that are pertinent today When was the Qur an actually written What was the role of the powerful caliph Abd al Malik in the making of Muhammad How did the theological issues related to the deity of Christ and the Trinity develop in the early days of Islam This book delves into the life of John and studies his apologetic writings in detail utilizing the first English translation from the critical text It seeks to address these

questions thoughtfully provide valuable insights from the past and then equip today's church as it engages with Islam
