Ballbuster True Confessions Of A Marxist Businessman:

Ballbuster? Bertell Ollman, 2003-01-14 *Ball Buster* is the second edition the original title was *Class Struggle is the Name of the Game* of a straight forward business adventure story with enough ups downs victories defeats and suspense to fill a Hitchcock film It is also an extremely humorous autobiography full of irony and satire and sprinkled with scholarly insights a critical view of business as seen from the inside and a case study of the Marxist theory of embodiment which states that the role you play in society is decisive in determining what kind of person you are *Marx at the Arcade* Jamie

Woodcock, 2019-06-18 More people are playing video games than ever before and yet much of the work of their production remains obscured to us Deploying a Marxist approach Jamie Woodcock delves into the hidden abode of the gaming industry unravelling the vast networks of artists software developers and factory and logistics workers whose material and immaterial labor flows into the products we consume on a gargantuan scale Beyond this the book analyzes the increasingly important role the gaming industry plays in contemporary capitalism and the broader transformations of work and economy that it embodies Woodcock also presents game play itself not as a deviant activity as it is often understood but as a commentary of estrangement from contemporary forms of work In so doing it offers a fresh and much needed analysis of a sector which has for too long been neglected by scholars and labor activists alike *The Routledge Companion to Marxisms in Art History*

Tijen Tunali, Brian Winkenweder, 2025-03-31 This companion is an essential contribution to the study of historical materialism in general and the social history of art in particular Each chapter in the collection focuses on a key figure concept or historical epoch Increasingly scholars adopt an array of Marxist methods intertwined with a host of other theoretical practices particularly the historiography of key issues regarding hegemony ideology and identity Ideological issues of connoisseurship patronage and analyses of the artwork as a form of labor and leisure are essential to the practice of Marxisms in art history This collection spotlights a plurality of Marxian theories in which the ideas of such figures as Walter Benjamin Guy Debord and T J Clark are debated and developed through analyses of the socio historical conditions that impact how art is produced circulated and received This ultimately underscores that the historical contextualization of artworks and their markets within a class based society is crucial for writing socially engaged art history This book will be of interest to scholars working in art history visual studies visual sociology communication studies and the sociology of art

Dance of the Dialectic Bertell Ollman, 2003 Bertell Ollman has been hailed as this country's leading authority on dialectics and Marx's method by Paul Sweezy the editor of *Monthly Review* and dean of America's Marx scholars In this book Ollman offers a thorough analysis of Marx's use of dialectical method Marx made extremely creative use of dialectical method to analyze the origins operation and direction of capitalism Unfortunately his promised book on method was never written so that readers wishing to understand and evaluate Marx's theories or to revise or use them have had to proceed without a clear grasp of the dialectic in which the theories are framed The result has been more disagreement over what

Marx really meant than over the writings of any other major thinker In putting Marx s philosophy of internal relations and his use of the process of abstraction two little studied aspects of dialectics at the center of this account Ollman provides a version of Marx s method that is at once systematic scholarly clear and eminently useful Ollman not only sheds important new light on what Marx really meant in his varied theoretical pronouncements but in carefully laying out the steps in Marx s method makes it possible for a reader to put the dialectic to work in his or her own research He also convincingly argues the case for why social scientists and humanists as well as philosophers should want to do so Tactical Performance Larry Bogad,2016-02-26 Tactical Performance tells fun mischievous stories of underdogs speaking mirth to power through creative targeted activist performance in the streets of cities around the world This compelling inspiring book also provides the first ever full length practical and theoretical guide to this work L M Bogad one of the most prolific practitioners and scholars of this genre shares the most effective non violent tactics and theatrics employed by groups which have captured the public imagination in recent years Tactical Performance explores carnivalesque protest in unique depth looking at the possibilities for direct action and sometimes shocking confrontation with some of the most powerful institutions in the world It is essential reading for anyone interested in creative pranksterism and the global justice movement *Marx no fliperama* Jamie Woodcock,2020-11-16 Em Marx no fliperama o aclamado pesquisador Jamie Woodcock investiga a realidade e a luta de classes dentro da ind stria de jogos Em uma jornada que vai apelar para jogadores hardcore c ticos digitais e curiosos por joystick Woodcock desvenda as vastas redes de artistas desenvolvedores de software e trabalhadores de f brica e log stica cujo trabalho vis vel e invis vel flui para os produtos que consumimos em uma escala gigantesca Ao longo do caminho ele analisa o papel cada vez mais importante que a ind stria de jogos desempenha no capitalismo contempor neo e as transforma es mais amplas do trabalho da cultura e da economia que ela incorpora Marx no fliperama quer que a esquerda compreenda que essas contradi es podem ser resolvidas a nosso favor ou para o benef cio de nossos advers rios Os videogames se tornaram um dos maiores protagonistas da cultura pop e do entretenimento Como Steve Bannon reconheceu h mais de uma d cada os jogos s o um local cultural onde as ideologias podem ser esclarecidas e mobilizadas Os radicais n o devem abandonar este terreno cultural Brian J Sullivan e Laura Bartkowiak Jacobin Jamie Woodcock escreveu um livro t o divertido e cativante como qualquer jogo Ele n o s traz uma an lise marxista afiada para a ind stria dos videogames como usa os jogos para aprofundar nossa compreens o de Marx Quer voc seja um gamer ou n o o livro indispens vel Sarah Jaffe autora de Necessary Trouble Americans in Revolt L cido erudito en rgico e divertido Marx no fliperama estabelece uma nova fronteira para a compreens o pol tica radical do jogo digital Nick Dyer Witheford co autor de Games of Empire Woodcock conhece n o apenas a teoria mas tamb m o assunto de dentro para fora H precariza o crueldade e aliena o mas tamb m subvers o e seu foco na resist ncia dos trabalhadores oferece uma centelha de esperan a Times Higher Education **Pol tica criminal de la guerra** Roberto Bergalli,Iñaki Rivera Beiras,2005 **The Book Review Digest** ,2004 **Academic Repression**
