Balthus ; Drawings and Watercolors Balthus,1983 **Balthus - Drawings and Watercolors** Balthus,Pierre Matisse Gallery (New York, N.Y.),1967 *Balthus* Balthus,Giovanni Carandente,1983 **Drawings by Balthus [Exhibition]** Balthus,1963 *Balthus* Nicholas Fox Weber,2013-09-25 The first full scale biography of one of the most elusive and enigmatic painters of our time the self proclaimed Count Balthus Klossowski de Rola whose brilliantly rendered markedly sexualized portraits especially of young girls are among the most memorable images in contemporary art The story of Balthus s life has been shrouded by contradiction and hearsay most of it his own invention over the years he created for himself a persona of mystery aristocracy and glamour Now in Nicholas Fox Weber s superb biography Balthus the man and the artist stands revealed as never before He was born in Paris in 1908 to Polish parents At age twelve he first stepped into the spotlight with the publication of forty of his drawings illustrating a story about a cat by Rainer Maria Rilke who was then Balthus s mother s lover and a crucial influence on the young boy From that moment Balthus has never been out of the public eye In 1934 his first exhibition in Paris stunned the art world The seven canvases drew attention to his extraordinary technique a mix of tradition and imagination informed by the work of Piero della Francesca Courbet and Joseph Reinhardt but unique to the twenty six year old artist and to their provocative content one of the paintings The Guitar Lesson was so powerful in its sadomasochistic imagery that it was deemed necessary to remove it from public display Continuously since then Balthus s work has provoked both great opprobrium and profound admiration as has the artist himself whether collaborating with Antonin Artaud on his Theater of Cruelty transforming the Villa Medici into the social center of Fellini s Rome in the 1950s or competing for the artistic limelight with his friends Picasso and Andr Derain The artist s complexities are clarified and his genius understood in a book that derives its particular immediacy from Weber s long and intense conversations with Balthus who never previously consented to discuss his life and work with a biographer as well as his interviews with the painter s closest friends members of his family and many of the subjects of his controversial canvases Weber s critical and human grasp he acutely analyzes the paintings in terms of both their aesthetic achievement and what they reveal of their maker s psyche combined with his rich knowledge of Balthus s life and his insight into the ideas and forces that have helped to shape Balthus s work over the past seven decades gives us a striking illuminating portrait of one of the most admired and outrageous artists of our time **Balthus** Sabine Rewald,2013-10-08 Explores the origins and permutations of Balthus s obsessions with adolescents and felines addresses the crucial influence of such key figures as poet Rainer Maria Rilke and provides the recollections and comments of the girl models **Painting and Sculpture in Europe, 1880-1940** George Heard Hamilton,1993-01-01 This new edition of a book that offers the best available grounding in its huge subject as the Sunday Times called it includes color plates and a revised and expanded bibliography Professor Hamilton traces the origins and growth of modern art assessing the intrinsic qualities of individual works and describing the social

forces in play The result is an authoritative guide through the forest of artistic labels Impressionism and Expressionism Symbolism Cubism Constructivism Surrealism etc and to the achievements of Degas and Cezanne Ensor and Munch Matisse and Kandinsky Picasso Braque and Epstein Mondrian Dali Modigliani Utrillo and Chagall Klee Henry Moore and many other artists in a revolutionary age *Important 19th & 20th Century Drawings and Watercolors* Sotheby Parke Bernet Inc,1975

Desire and Avoidance in Art Andrew Brink,2007 Sumario Introducing attachment theory Too close Picasso s adoring and damaging portraits of women Hans Bellmer s sacrificial dolls Desire and avoidance in the paintings of Balthus Joseph Cornell enchantment beyond sexuality Impossible quest male artists avoiding women Balthus Catalogue Raisonne of the Complete Works Virginie Monnier,Jean Clair,2000-01-01 Balthus Balthasar Klossowski de Rola long considered one of the great figure painters of the twentieth century has remained one of its most elusive creative spirits Born into an aristocratic Polish family in 1908 Balthus grew up in the most cosmopolitan and cultivated circles of Geneva Berlin and finally Paris where his artist parents settled in 1924 Attracted at an early age by the restraint and timelessness of the old masters Balthus studied painting with Pierre Bonnard Maurice Denis and Andre Derain He was also fascinated by the work of the Surrealists and he began to paint images of young girls in enigmatic settings suffused with an understated eroticism While his calm almost architectonic forms are reminiscent of Italian Renaissance art the strange atmosphere of his paintings conveys a distinctly twentieth century sensibility The artist has remained silent on the underlying meanings of his images and indeed has spent much of his life avoiding attention Balthus s work was little recognized until the late 1960s but his remarkable achievement finally received international acclaim in 1983 when a major retrospective exhibition opened at the Musee National d Art Moderne Centre Georges Pompidou Paris and traveled to the Metropolitan Museum of Art New York and the City Museum Tokyo Still the full extent of his output has not been known nearly 100 paintings and numerous drawings sketchbooks and even sculptures have escaped notice This monumental lavishly illustrated volume the outcome of years of study reveals a surprisingly extensive oeuvre An introductory essay by Jean Clair curator of the landmark 1983 exhibition defines the sometimes unexpected poetic literary and philosophical sources of Balthus s early inspiration Then follows a full catalogue raisonne of Balthus s work by Virginie Monnier published here in its original French The catalogue includes all of the artist s 350 known paintings nearly 1 000 previously unpublished drawings and 50 sketch books 2 100 works in all which enable us to understand his working methods and document the creation of most of his paintings Long overdue this comprehensive publication adds new luster to the reputation of an important and intriguing artist
