Branch Lines To Newquay:

Branch Lines to Newquay Vic Mitchell, 2001-10-01 **Mile by Mile** S. N. Pike, 2017-02-23 Travel back in time on a journey across Britain's main line railways on the eve of nationalisation. The views from the carriage windows are conveyed through finely detailed hand-drawn maps, each a rich reminder of the linesides bursting with activity in an era of technical progress, glamour and prestige. Speed along the LNER's racing track from King's Cross to Newcastle upon Tyne and Edinburgh from next door St Pancras through the Peak District to Manchester from Waterloo to Plymouth with some pleasant seaside diversions on the way from Euston through the industrial heartlands of the West Midlands and the north west to the seaport of Liverpool and from Paddington along Brunel's bowling green railway to Bristol Exeter and Penzance. **Mile by Mile** faithfully reproduces the three original route maps drafted in 1947 by S. N. Pike and adds a new one for the Great Western Railway to complete its coverage of the so-called Big Four railway firms formed in the aftermath of the First World War. New introductions describe how the Big Four came about, the passengers and goods they conveyed, the key personalities that shaped them, engineers, managers, even publicists, and the trains and locomotives that gave each its unique character. Climb aboard, sit back and take a ride to a special period in the history of Britain's railways. **Rail Operations Viewed From South Devon** Garth Pedler, 2017-07-04 South Devon, a thriving county with the sea, estuary and moorland for recreation, owes much of its success and vibrant economy to the railways that provide day return services, allowing people to travel freely to and from London and the North. **Rail Operations Viewed From South Devon** is a comprehensive exploration of the railways in and around South Devon, with chapters drawing on areas across the country such as Totnes, Carlisle and Bristol. Embracing a wide range of topics to help the reader understand how railway engineering reached its current state, this book aims to encourage discussion about the rail network as an entity. Chapters include the history of the sea and cliff issues associated with Dawlish, as well as how the Victorians built a congestion-free rail system around Bristol, with another chapter detailing the Cross Country timetables of 1925. This extensive insight into the railway also draws on the author's personal experience of undertaking a rail tour to Carlisle and back to Totnes in 1999 following the re-privatisation of the rail network, in comparison to a previous excursion in 1961. Illustrated throughout with dozens of detailed maps and diagrams, as well as useful statistics, **Rail Operations Viewed From South Devon** will appeal to readers who are curious about railway history and the recent management of the rail networks. **Walking the South West Coast Path** Paddy Dillon, 2024-08-14 A guidebook to walking the South West Coast Path, a long-distance National Trail from Minehead to Poole along the north Devon, Cornish, south Devon and Dorset coastline. Covering 1015km (630 miles), this epic route takes in Exmoor National Park and the Jurassic Coast World Heritage Site and takes around 4 weeks to walk. The route is described in 45 stages between 13 and 38km (8.24 miles) in length. Also described is the 17-mile South Dorset Ridgeway from West Bexington to Osmington Mills, which can be used as a scenic way to shave 42 miles off the total distance. 1:50,000 OS maps for each stage, GPX files.
