Small Press Record of Books in Print Len Fulton,1994 **MILITARY UNIFORMS IN EUROPE 1900 - 2000 Volume One** R Spencer Kidd,2013-10-01 This book Volume One gives an historical overview of 36 countries whose armed forces served in Europe 1900 2000 together with uniform descriptions Includes 200 full colour paintings of the regular armies marines airforce and para military troops engaged in land exercises operations and warfare in Europe including non European troops serving in Europe Each entry is accompanied by a history and description of the uniforms illustrated The author and illustrator Ron Kidd has been interested in both police and military history uniforms and insignia since he was a school boy in the 1950 s He has visited over 300 police and military museums world wide and has written and illustrated a number of magazine articles on both police and military history and uniforms He is a member of both the Military Heraldry Society and the Military Historical Society It is anticipated that Volume Two will be published in 2013 *Paperbound Books in Print* ,1992 *Books in Print* ,1994 **Rays of the Rising Sun** John Berger,Philip Jowett,2024-02-28 When the Japanese Empire went to war with the Allies in December 1941 it had already been fighting in China for 10 years During that time it had conquered huge areas of China and subjugated millions of people The Japanese needed to control the Chinese population in these occupied territories and for this reason they set up governments from amongst the leaders of the Chinese who were willing to co operate with them These so called puppet governments were designed to rule on behalf of the Japanese while firmly under their overall control In turn the puppet governments needed their own independent armed forces These puppet armies were large in number reaching a total of well over 1 million before 1945 Although poorly armed and equipped these forces had an influence on the Japanese war effort through sheer numbers The Chinese puppet soldiers ranged from the well drilled and trained regular Army of the Last Emperor of China Pu Yi who ruled the newly formed state of Manchukuo 1932 45 to the irregular Mongol cavalry who served alongside Japanese troops in the secret war waged in the Mongolian hinterlands The troops were dismissed as traitors by the Chinese fighting the Japanese and they were equally despised by the Japanese themselves The troops were motivated by a range of reasons from simple survival to a loyalty to their commander The fact that so many Chinese were willing to fight for the Japanese was embarrassing to all sides and for this reason has been largely ignored in previous histories of the war in the East In the first of a three volume series Philip Jowett tells the story of the Chinese who fought for the Japanese over a 14 year period **The Journal of the Armed Forces** ,1863 **Subject Guide to Books in Print** ,1993 *Out of Darkness-Light* Harold A. Skaarup,2005-06-15 Canada has a rich and interesting military intelligence history one that continues to grow at a rapidly expanding rate Intelligence is a key element of operations enabling commanders to successfully plan and conduct operations It enables them to win decisive battles and it helps them to identify and attack high value targets In order to ensure Commanders have the required support they need to plan and conduct operations members of Canada s Military Intelligence Branch are serving in an increasingly dangerous number of

hotspots around the world In recent years they have served in Bosnia Herzegovina Haiti Somalia Rwanda East Timor and Afghanistan just to name a few While Intelligence personnel have played a major role in ensuring the successful completion of these interdiction missions many of their stories remain classified This history cannot truly be complete until the Official Secrets Act permits a clearer picture to be told Out of Darkness Light Volume 2 should however give the interested reader at least a partial view of some of the service that has been carried out on Canada s behalf by the Canadian Forces Intelligence Branch for the years 1983 to 1997

Is Medical Ethics in Armed Conflict Identical to Medical Ethics in Times of Peace? Janet Kelly,2014-09-18 This book challenges the World Medical Association s WMA International Code of Ethics statement in 2004 which declared that medical ethics in armed conflict is identical to medical ethics in times of peace This is achieved by examining the professional ethical and legal conflicts in British Military healthcare practice that occur in three distinct military environments These are i the battlefield ii the operational environment and iii the non operational environment As this conflict is exacerbated by the need to achieve Operational Effectiveness this book also explores the dual loyalty conflict that Military Health Care Professionals MHCPs encounter between following military orders and professional codes of practice The method used to challenge the WMA s statement and explore these conflicts is the use of real life problem solving vignettes which mirror actual ethical and professional conflicts and dilemmas that may occur in the three environments The areas of law analysed similarly reflect the difficulties that MHCPs face when caring for the sick and wounded in violent locations when under attack In particular the book questions whether it is right for a MHCP to owe their patients a duty of care in hostile environments This leads on to questioning if any MHCP could be protected by combat immunity where no duty of care is owed to fellow soldiers in the battlefield The book also questions whether the standard of care should be variable in hostile environments It also explores the dual loyalty conflict of a wounded senior officer refusing treatment from a junior officer In addition it examines the difficulties of a doctor maintaining patient confidentiality when a soldier refuses treatment for a psychological injury but wishes to redeploy to the battlefield The book successfully challenges the WMA s statement It also concludes by suggesting that neither a military focused approach nor a professional healthcare focused approach towards military healthcare is the best way to solve the dual loyalty conflict

New Rules for Victims of Armed Conflicts Michael Bothe,K.J. Partsch,W.A. Solf,2024-03-11 It is a major cultural achievement that violence in armed conflicts is restrained by international legal rules As the nature of these conflicts changes these rules have to be adapted accordingly in order to provide effective protection for the victims The adoption of the two Protocols Additional to the Geneva Conventions in 1977 was a major step in this development The authors who were involved in the negotiation of these two treaties give a first hand account of the meaning of the text and the intent of the negotiators The book is thus an important tool to better understand and implement these treaties which have proved their salutary importance in the all too many conflicts during the last decades The current volume is a revised reprint with new introductory materials of the original text
