Jolson, 2008 Counterpoints publishes the most compelling and imaginative books being written in education today Grounded on the theoretical advances in criticalism feminism and postmodernism in the last two decades of the twentieth century Counterpoints engages the meaning of these innovations in various forms of educational expression Committed to the proposition that theoretical literature should be accessible to a variety of audiences the series insists that its authors avoid esoteric and jargonistic languages that transform educational scholarship into an elite discourse for the initiated Beyond Resistance! Youth Activism and Community Change Pedro Noguera, Julio Cammarota, Shawn Ginwright, 2013-05-13 The failure of current policy to address important quality of life issues for urban youth remains a substantial barrier to civic participation educational equity and healthy adulthood This volume brings together the work of leading urban youth scholars to highlight the detrimental impact of zero tolerance policies on young people's educational experience and well being Inspired by the conviction that urban youth have the right to more equitable educational and social resources and political representation Beyond Resistance offers new insights into how to increase the effectiveness of youth development and education programs and how to create responsive youth policies at the local state and federal level **Look Ma, "Hands" on Poetry** Adele Steiner, 2008-05 The workshops in Look Ma Hands on Poetry are designed to help teachers and poets familiarize elementary through high school students with a variety of creative and fun ways to engage their imaginations and write poetry They do so by encouraging teachers and students to explore together the art of poetry i e the art of employing the five senses to capture experience in language The workshops also introduce young writers to a wide range of poets and

the poetic techniques and styles that they have incorporated in their writing As a result when students complete a series of workshops from this book they will know how to write a poem They may enjoy reading more poetry too because they will have a solid understanding of how poetry works Finally there are exciting ideas in Look Ma Hands on Poetry for ways in which young writers can exhibit and perform their poetry The workshops in this book run from 45 60 minutes with the time divided into three segments In the first the teacher reads and discusses poems that are examples of the types of poetry students will be writing In the second the teacher introduces the writing assignment and has students begin writing Finally students who finish poems are invited to share them in the remaining class time Because poetry is the art of capturing experience in language the workshops are structured around sight smell taste touch and sound Each of the workshops in the first five chapters is geared toward exploring one of these senses and the two later chapters contain workshops that require students to use all five to write their poems As a result workshops from each chapter may be used individually or in sequence to create one or twoweek poetry units that teachers and students can enjoy Workshops in the book include the Sleight of Hand and Animal Mask Workshops wherein students use metaphor simile and personification to create imagery in poems They use music and musical instruments to help them create sound and rhythm in the Native American Chant and Rap Workshops and then they literally play with words to write Bingo and Multiple Voice Poems Young people have opportunities to express their feelings through poetry in the Blues Love Potion and Ode Workshops and finally they use their five senses simultaneously when writing Bubble and Rainbow Poems and when they interpret paintings sculpture and music in Echphrastic Poems The book s final section presents creative ideas for poetry readings books and displays Suggestions for readings include the Poetry Cafe which can incorporate any of the Coffee House Tea Room 1950 s Diner and or Greco Roman Garden venues discussed in this section Student poetry books and chapbooks complete with student art and photos are described here too along with plans for poetry rainbows sidewalks mobiles and poetry word collections

Underprivileged School Children and the Assault on Dignity Julia Hall, 2014-07-17 Every day children living in low income communities have no choice but to grow up in a climate where they experience multiple unending assaults to their sense of dignity This volume applies theoretical and historical insights to think through the increasingly undignified realities of life in economically marginalized communities It includes examples of curricular challenges that low income students in the US confront today while attempting to learn Curricular challenges are analyzed as material texts that emerge out of student lived experiences in the economically disposed neighborhoods in which schools are located and the dynamics of the schools and classrooms themselves Attention is also paid to educators and students who push back against these forces in an effort to reclaim voice identity and dignity
