communities The impact of this gap in knowledge leads to perspective blocks in terms of how minority ethnic families are conceived in the public sphere as well as in academia Similar to other minority ethnic groups there is little literature on divorce in South Asian families Though traditionally divorce rates within South Asian communities were low there is now an upward trend This is the first book to analyze the experiences of British Indian adult children of divorce and contextualize their experiences within the larger multi cultural polity of the UK It also discusses the value and implications of understanding the divorce phenomenon and how it is experienced within this community to present insights into what multi cultural social work and knowledge can mean This can also enhance support provision for all children and enable better coping of family transitions by acknowledging their specific contexts and needs *"Dear Children", a Manual for Adult Children of Divorce* William Hinckley, 2012-07-10 This book is for Adult Children of Divorce or anyone who may be in a relationship with someone who has experienced divorce Dear Children will help you understand the roots of the dysfunctions developed as a child of divorce and offer a proven means for overcoming them This journey will enable you to break through the developmental issues that can often bind you in your daily life influencing everything from minor choices to major life changing decisions This investment of time will help you discover who you really are where you really came from and the power that this source offers you on a daily basis You will come to understand the strength of your essence and discover the knowledge and skills to honestly and continuously reflect on your personal situations or those of a loved one in order to embrace a truly uplifting and empowered life Through honest introspection greater knowledge and embracing daily habits you will be able to live a fulfilling uplifting and joy filled life We will explore the dysfunctions associated with divorce including separation people pleasing abandonment guilt and fear of conflict We will examine some of the personifications and manifestations that adult children of divorce may use to mask their pain in order that you may better understand if this is occurring in your own life or the life of someone you love More importantly we will discuss how you can overcome such dysfunctions and manifestations and what you can do to prevent these destructive habits from continuing We will further explore how daily habits can empower you towards success and fulfillment You will come to understand how to embrace joy how to make good decisions and how to ensure that the cycle of divorce and its ill effects may be halted You will learn how to be happy and empowered every day **Adult Children of Divorced Parents** Beverly Rodgers, Tom Rodgers, 2002
