Androgynous Deities Sex Worship And Sacred Prostitution:

The Masculine Cross, Or, A History of Ancient and Modern Crosses and Their Connection with the Mysteries of Sex Worship, 1891 The Masculine Cross Anonymous, 2021-04-26 The Masculine Cross is a provocative exploration of male identity and its evolving constructs within modern society This anonymous work intertwines narrative prose with theoretical analysis employing a lyrical yet incisive literary style that challenges conventional views on masculinity Set against a backdrop of contemporary cultural debates the book deftly navigates themes of vulnerability power dynamics and the impact of societal expectations on male behavior all while providing a nuanced critique of traditional gender roles through vivid character development and poignant reflections The author choosing to remain anonymous reflects a conscious distancing from personal identity in order to lend universality to the discourse presented in this book This decision emphasizes the broader societal commentary once ensconced in the rigid frameworks of masculinity the author's journey resonates with many men who feel lost amid the conflicting messages of strength and sensitivity Such anonymity invites readers to focus on the ideas rather than the author's own narrative fostering a shared exploration of these pressing issues I highly recommend The Masculine Cross to anyone seeking a deeper understanding of masculinity's complexities in today's world Its blend of intellectual rigor and emotional resonance makes it a crucial read not only for scholars and activists but for anyone interested in personal growth and societal transformation

When Sex Was Religion Dr. Larry Falls, 2010-03-26 Evidence of the connection between sex and religion can be found in fertility cults in all nations of the past When Sex Was Religion takes a comprehensive look at how sexual practices were originally considered a religion before the introduction of Christianity Dr Larry Falls a registered clinical sexologist specializing in sexual abuse trauma and emotional health spent five years traveling throughout the United States Canada and Europe learning about different religions cultural history and sexual behavior while working on his doctoral thesis In his fascinating exploration into the beginning of human reason and the birth of religious thought includes the importance of reproduction virgins and temple prostitutes the original meaning of the cross Devil worship witches Sabbath and the curse of the evil eye Dr Falls also proves that the Kama Sutra an ancient Hindu religious narrative about pleasure love and sexuality was really a Bible designed for the purpose of teaching others to gain favor from the gods by engaging in sexual intercourse Dr Falls examination into sex worship demonstrates that phallic reverence was not only a religion but also a cause for dominance and sexual exploitation that to this day remains part of our social structure

Tits Up Sarah Thornton, 2024-05-07 An excellent new book You will not look at breasts in the same way again Economist An innovative investigation of the five strange worlds that worship women's chests After years of biopsies best selling author Sarah Thornton made the difficult

decision to have a double mastectomy But after her reconstructive surgery she was perplexed What had she lost And gained An experienced sleuth she resolved to venture behind the scenes to uncover the social and cultural significance of breasts Riotous and galvanizing Tits Up excavates the diverse truths of mammary glands from the strip club to the operating room from the nation s oldest human milk bank to the fit rooms of bra designers Thornton draws insights from plastic surgeons lactation consultants body positive witches lingerie models and free the nipple activists to explore the status of breasts as emblems of femininity She examines how women s chests have become a billion dollar business as well as a stage for debates about race class gender and desire Everywhere she turns Thornton encounters chauvinist myths about this elemental body part that quietly justify deficits in women s bodily autonomy and endorse shortfalls in their political status Blending sociology reportage and personal narrative with refreshing optimism and wit Thornton has one overriding ambition to liberate breasts from centuries of patriarchal prejudice

In the Garden of the Gods Eva Anagnostou-Laoutides,2016-07-07 Examining the evolution of kingship in the Ancient Near East from the time of the Sumerians to the rise of the Seleucids in Babylon this book argues that the Sumerian emphasis on the divine favour that the fertility goddess and the Sun god bestowed upon the king should be understood metaphorically from the start and that these metaphors survived in later historical periods through popular literature including the Epic of Gilgame and the Enuma Eli The author s research shows that from the earliest times Near Eastern kings and their scribes adapted these metaphors to promote royal legitimacy in accordance with legendary exempla that highlighted the role of the king as the establisher of order and civilization As another Gilgame and later as a pious servant of Marduk the king renewed divine favour for his subjects enabling them to share the Garden of the Gods Seleucus and Antiochus found these cultural ideas as they had evolved in the first millennium BCE extremely useful in their efforts to establish their dynasty at Babylon Far from playing down cultural differences the book considers the ideological agendas of ancient Near Eastern empires as having been shaped mainly by class rather than race minded elites

The Cults of the Greek States ,1896 Passion and the Passion Francis Leo Kunkel,1975 Discusses the work of D H Lawrence William Golding John Updike Tennessee Williams Jean Genet and others **The Cults of the Greek States** Lewis Richard Farnell,1896 *Phallic Worship: A Description of The Mysteries of The Sex Worship of The Ancients With The History of The Masculine Cross* Anonymous, Sex Worship has prevailed among all peoples of ancient times sometimes contemporaneous and often mixed with Star Serpent and Tree Worship The powers of nature were sexualised and endowed with the same feelings passions and performing the same functions as human beings Among the ancients whether the Sun the Serpent or the Phallic Emblem was worshipped the idea was the same the veneration of the generative principle Thus we find a close relationship between the various mythologies of the ancient nations and by a comparison of the creeds ideas and symbols can see that they spring from the same source namely the worship of the forces and operations of nature the original of which was doubtless Sun worship It is not necessary to prove that in primitive times the Sun must have been worshipped

under various names and venerated as the Creator Light Source of Life and the Giver of Food In the earliest times the worship of the generative power was of the most simple and pure character rude in manner primitive in form pure in idea the homage of man to the supreme power the Author of life Afterwards the worship became more depraved a religion of feeling sensuous bliss corrupted by a priesthood who were not slow to take advantage of this state of affairs and inculcated with it profligate and mysterious ceremonies union of gods with women religious prostitution and other degrading rites Thus it was not long before the emblems lost their pure and simple meaning and became licentious statues and debased objects Hence we have the depraved ceremonies at the worship of Bacchus who became not only the representative of the creative power but the God of pleasure and licentiousness The corrupted religion always found eager votaries willing to be captives to a pleasant bondage by the impulse of physical bliss as was the case in India and Egypt and among the Ph nicians Babylonians Jews and other nations Sex worship once personified became the supreme and governing deity enthroned as the ruling God over all dissent therefrom was impious and punished The priests of the worship compelled obedience monarchs complied to the prevailing faith and became willing devotees to the shrines of Isis and Venus on the one hand and of Bacchus and Priapus on the other by appealing to the most animating passion of nature
