**Androgyny** June Singer, 1948      *Androgyny* June Singer, 1977      *Womanchrist* Christin Lore Weber, 1987 Using her personal experiences the author seeks to help women find a Christian spirituality that takes their womanhood into account  
Back cover      **The Other Worldview** Peter Jones, 2015-06-24 A must read for every concerned American and especially for every Christian who weeps at the graveside of his culture R C Sproul A cataclysmic change has occurred as our culture has shifted toward belief in Oneism Every religion and philosophy fits into one of two basic worldviews Oneism asserts that everything is essentially one while Twoism affirms an irreducible distinction between creation and Creator The Other Worldview exposes the pagan roots of Oneism traces its spread throughout Western culture and demonstrates its inability to save For bodily holiness and transformed thinking we depend entirely on one amazing thing the incredibly powerful message of the Gospel to a sinful world which is the ultimate expression and goal of Twoism The only hope is in Christ alone      **The Female Body in the Looking-Glass** Basia Sliwinska, 2016-06-29 In his theory of the mirror stage the psychoanalyst and psychiatrist Jacques Lacan argued that the female body is defined by its lack of male attributes Within this framework he described female sexuality primarily as an absence and assumed female subordination to the male gaze However what happens if one follows Jean Baudrillard s advice to swallow the mirror and go through the looking glass to explore the reflections and realities that we encounter in the cultural mirror which reflects the culture in question its norms ideals and values What if the beautiful is inverted and becomes ugly and the ugly is considered beautiful or shape shifts into something conventionally thought of as beautiful These are the fundamental questions that Basia Sliwinska poses in this important new enquiry into gender identity and the politics of vision in contemporary women s art Through an innovative discussion of the mirror as a metaphor Sliwinska reveals how the post 1989 practices of woman artists from both sides of the former Iron Curtain such as Joanna Rajkowska Marina Abramovic Boryana Rossa Natalia LL and Anetta Mona Chisa and Lucia Tkacova go beyond gender binaries and instead embrace otherness and difference by playing with visual tropes of femininity Their provocative works offer alternative representations of the female body to those seen in the cultural mirror Their art challenges and deconstructs patriarchal representations of the social and cultural other associated with visual tropes of femininity such as Alice in Wonderland Venus and Medusa The Female Body in the Looking Glass makes a refreshing radical intervention into art theory and cultural studies by offering new theoretical concepts such as the mirror and genderland inspired by Alice s adventures in Wonderland as critical tools with which we can analyse and explain recent developments in women s art      *Recovering Biblical Manhood and Womanhood (Revised Edition)* John Piper, Wayne Grudem, 2021-01-11 A Guide to Navigate Evangelical Feminism In a society where gender roles are a hot button topic the church is not immune to the controversy In fact the church has wrestled with varying degrees of evangelical feminism for decades As evangelical feminism has crept into the church time trusted resources like *Recovering Biblical Manhood and Womanhood* help remind

Christians of what the Bible has to say In this edition of the award winning best seller more than 20 influential men and women such as John Piper Wayne Grudem D A Carson and Elisabeth Elliot offer thought provoking essays responding to the challenge egalitarianism poses to life in the church and in the home Covering topics like role distinctions in the church how biblical manhood and womanhood should work out in practice and women in the history of the church this helpful resource will help readers learn to orient their beliefs with God s unchanging word in an ever changing culture *Therapy with Women* Susan Sturdivant,1980 **The God of Sex** Peter Jones,2006 A placard carried in the San Diego Gay Parade said it all He s your God They re your rules You go to Hell Clearly there is no longer any commonly held ultimate authority So merely quoting Bible verses at gays and other sexual sinners to prove they are immoral is equally unsuccessful if not destructive For the sake of our young people for the sake of our churches for the sake of society and our world Christians must understand the connection of spirituality and sexuality if we are to communicate relevantly to our postmodern culture Jones gives an objective honest appraisal of contemporary sexual trends and puts them up against God s clear and beautiful design for sex as a spiritual expression Features and Benefits Helps Christians break out of typical parameters to help them understand and relevantly engage the culture Nonbelievers will find this book objective and non offensive fairly representing postmodern worldviews Thorough index and bibliography makes this book a powerful resource tool *Japanese Fashion Cultures* Masafumi Monden,2014-11-20 From Rococo to Edwardian fashions Japanese street style has reinvented many western dress styles reinterpreting and altering their meanings and messages in a different cultural and historical context This wide ranging and original study reveals the complex exchange of styles and what they represent in Japan and beyond contesting common perceptions of gender in Japanese dress and the notion that non western fashions simply imitate western styles Through case studies focussing on fashion image consumption in style tribes such as Kamikaze Girls Lolita Edwardian Ivy Style Victorian Romantic and Kawaii this ground breaking book investigates the complexities of dress and gender and demonstrates the flexible nature of contemporary fashion and style exchange in a global context Japanese Fashion Cultures will appeal to students and scholars of fashion cultural studies gender studies media studies and related fields **Dancing in the Wild Spaces of Love** James H. Olthuis,2022-06-08 In the twenty first century amid globalized violence rising demagogues and the climate emergency contemporary philosophers and theologians have begun to debate a fundamental question Is our reality the result of the overflowing ever present creativity of Love or the symptom of a traumatic rupture at the heart of all things Drawing on decades of research in postmodern philosophy and experience as a psychotherapist James H Olthuis wades into this discussion to propose a radical ontology of Love without metaphysics In dialogue with philosophers like John D Caputo Slavoj i ek Luce Irigaray and others Olthuis explores issues from divine sovereignty and the problem of evil to trauma and social ethics Experience in therapeutic work informs these investigations rooting them in journeys with individuals on the path to healing Olthuis makes the bold claim that while trauma pain and suffering are significant parts of

our human lives nevertheless Love is with us to the very end Creation is a gift that comes with a call to make something of it ourselves a risky task we must take on with the promise that Love will win We are all dancing in the wild spaces of Love ex amore cum amore ad amorem
