Andrew Johnson The President Impeached

Edmund G. Ross

Andrew Johnson The President Impeached:

The Impeachment of Andrew Johnson Edmund Ross, 2012-10-21 The Impeachment of President Andrew Johnson was the biggest affair in the United States during Reconstruction The President was being tried on charges for breaking the Tenure of Office Act by removing Secretary of War Edwin M Stanton from office and replacing him with Adjutant General Lorenzo Thomas Vice President Andrew Johnson had succeeded to the presidency on April 15 1865 after the assassination of Abraham Lincoln His succession to the presidency had a negative impact on the country which led to major controversies between Johnson and the Radical Republicans Edwin M Stanton Thaddeus Stevens and Benjamin F Butler were the three most suspicious of the President and would usually meet with each other along with other Radicals at Stanton's office or Stevens home to plan Johnson's impeachment This is the true story of one of the most dramatic and historical events in United States history Andrew Johnson was the first president to ever be impeached and he was acquitted by just one vote The deciding vote was cast by the Republican Senator Edmund G Ross who later went on to write this book explaining the events leading to Johnson's impeachment as well as the full story behind his historic decision This is a must read for everyone interested in American history as well as an important document illuminating the inner workings of the political system

History Of The Impeachment Of Andrew Johnson President Of The United States Edmund G. Ross, 2023-07-01 The author of the book History of the Impeachment of Andrew Johnson President of the United States is Kansas senator and politician Edmund G Ross In this historical work Ross who played a pivotal role in the impeachment trial as a swing vote offers a firsthand perspective on the events and political climate surrounding Johnson's impeachment Ross provides a thorough examination of the political legal and constitutional issues of the impeachment procedure The book explores the tense relationship between President Johnson and the Republicans in Congress who attempted to have him removed from office due to differences over Reconstruction policies after the American Civil War Ross sheds light on the political scheming and heated discussions that took place at this pivotal time in American history by offering insights into the motives and methods of the major people involved Readers of History of the Impeachment of Andrew Johnson President of the United States get a useful historical overview of one of the most important impeachment proceedings in American history **The**

Impeachment of Andrew Johnson Chester G. Hearn, 2007-08-15 While it is commonly known that Andrew Johnson was the first president to be impeached less well known are the circumstances that led to the unsuccessful campaign to remove him from office This account of Johnson's political life in Washington including brief coverage of his early career in Tennessee focuses on his conflict with the Radical Republicans a group of fanatical abolitionists who after Lincoln's assassination sought to dominate American government and punish the South as harshly as possible Johnson's focus on healing the nation and his refusal to submit to the Radicals demands led to his impeachment Though Johnson was acquitted his impeachment clearly illustrates the danger when one branch of government tries to dominate the others This chronicle of the first U S presidential

impeachment covers in detail the political forces that nearly removed him from office Numerous illustrations a bibliography and an index are included **The Impeachment of Andrew Johnson** Charles River, 2020-12-17 Includes pictures Includes excerpts of contemporary accounts Includes a bibliography for further reading As the Civil War was finally coming to an end in early 1865 reconstructing the divided nation was now top priority for President Abraham Lincoln and Republicans in Congress and they were already well underway in their work The 13th 14th and 15th Amendments to the Constitution were being discussed and the 13th had already been passed by the House and sent on its way for ratification from the states In Lincoln's mind since the South had never legally seceded forgiveness was to be his top priority He wanted to allow states to be readmitted to the Union after only 10% of its citizens swore an oath of loyalty to the United States an idea known as the 10% Plan However Congress now run by the so called Radical Republicans disagreed and as early as the summer of 1864 Congress passed the Wade Davis Bill which required 50% of rebel states to swear an oath not 10% Lincoln vetoed the bill Lincoln envisioned a relatively short lived Reconstruction process in which the former Confederate states would draft constitutions and rejoin the Union and he thought the country could effectively continue operating much as it had before the war Lincoln's vision however would remain just a dream because his life and thus his role in Reconstruction was cut short just days after Lee's surrender at Appomattox in April 1865 During the presidential campaign in 1864 the outcome of the Civil War was still very much in doubt and while the Republicans renominated Lincoln for the presidency they made an unprecedented move by nominating a Democrat Andrew Johnson for Vice President Senator Johnson was notable for being the only Senator to remain loyal to the Union even when his state Tennessee had seceded At the time nominating Johnson seemed to be a mere token of goodwill little did Republicans know what would happen the following April Today Lincoln is almost universally regarded as one of the country's greatest presidents while his successor is remembered for being the first president impeached by Congress Indeed he came perilously close to losing his office On the surface the story is a simple one Johnson intentionally violated several laws including the recently passed Tenure of Office Act which was designed to limit his involvement with Reconstruction However Johnson's impeachment owed a great deal to his temperament the unique situation Congress found itself in at the end of the Civil War and the challenges facing the Republican Party now that slavery was abolished For most of the republic's history the executive branch accrued power at the expense of the legislative branch and impeaching Johnson over his failure to abide by the Tenure of Office Act itself an encroachment on the president's right to choose members of his cabinet was a moment when that dynamic could have been reversed Similarly opposition to Johnson and the ordeal of his trial in the Senate helped forge the Republican Party into a cohesive political party that dominated the presidency for most of the next seven decades The Impeachment of Andrew Johnson The History and Legacy of the First Attempt to Impeach an American President analyzes Johnson's rocky presidency his ongoing friction with Republicans and how he came so close to being removed from office Along with pictures depicting important people places

and events you will learn about the impeachment of President Johnson like never before

History of the Impeachment of Andrew Johnson, President of the United States (Classic Reprint) Edmund G. Ross, 2015-07-09

Excerpt from History of the Impeachment of Andrew Johnson President of the United States Little is now known to the general public of the history of the attempt to remove President Andrew Johnson in 1868 on his impeachment by the House of Representatives and trial by the Senate for alleged high crimes and misdemeanors in office or of the causes that led to it Yet it was one of the most important and critical events involving possibly the gravest consequences in the entire history of the country The constitutional power to impeach and remove the President had lain dormant since the organization of the Government and apparently had never been thought of as a means for the satisfaction of political enmities or for the punishment of alleged executive misdemeanors even in the many heated controversies between the President and Congress that had theretofore arisen Nor would any attempt at impeachment have been made at that time but for the great numerical disparity then existing between the respective representatives in Congress of the two political parties of the country One half the members of that Congress both House and Senate are now dead and with them have also gone substantially the same proportion of the people at large but many of the actors therein who have passed away lived long enough to see and were candid enough to admit that the failure of the impeachment had brought no harm to the country while the general judgment practically of all has come to be that a grave and threatening danger was thereby averted A new generation is now in control of public affairs and the destinies of the Nation have fallen to new hands New issues have developed and will continue to develop from time to time and new dangers will arise with increasing numbers and changing conditions demanding in their turn the same careful scrutiny wisdom and patriotism in adjustment But the principles that underlie and constitute the basis of our political organism are and will remain the same and will never cease to demand constant vigilance for their perpetuation as the rock of safety upon which our federative system is founded To those who in the study of the country's past seek a broader and higher conception of the duties of American citizenship the facts pertaining to the controversy between the Executive and Congress as to the restoration and preservation of the Union set out in the following pages will be interesting and instructive No one is better fitted than the author of this volume to discuss the period of reconstruction in which as a member of the Federal senate he played so potent and patriotic a part and it is a pleasure to find that he has discharged his task with so much ability and care But it is profoundly hoped that no coming generation will be called upon to utilize the experiences of the past in facing in their day in field or forum the dangers of disruption and anarchy mortal strife and desolation between those of one race and blood and rationality that marked the history of America thirty years ago About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in

the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Impeached David O. Stewart,2010-06-15 An account of the attempt to remove Andrew Johnson from the presidency It demolishes the myth that Johnson s impeachment was unjustified [History of the Impeachment of Andrew Johnson](#)
Edmund G. Ross,2018-02-23 History of the Impeachment of Andrew Johnson President of the United States By Edmund G Ross **The Impeachment and Trial of Andrew Johnson** Michael Les Benedict,1999 Probes into the efforts to remove Johnson from the presidency and details the results of the impeachment trial [The Impeachment of President Andrew Johnson](#)
Edmund G. Ross,2018-03-21 This eBook edition of The Impeachment of President Andrew Johnson has been formatted to the highest digital standards and adjusted for readability on all devices Little is now known to the general public of the history of the attempt to remove President Andrew Johnson in 1868 on his impeachment by the House of Representatives and trial by the Senate for alleged high crimes and misdemeanors in office or of the causes that led to it Yet it was one of the most important and critical events involving possibly the gravest consequences in the entire history of the country The constitutional power to impeach and remove the President had lain dormant since the organization of the Government and apparently had never been thought of as a means for the satisfaction of political enmities or for the punishment of alleged executive misdemeanors even in the many heated controversies between the President and Congress that had theretofore arisen Nor would any attempt at impeachment have been made at that time but for the great numerical disparity then existing between the respective representatives in Congress of the two political parties of the country Andrew Johnson was the 17th President of the United States serving from 1865 to 1869 Johnson became president as he was vice president at the time of the assassination of Abraham Lincoln The new president favored quick restoration of the seceded states to the Union His plans did not give protection to the former slaves and he came into conflict with the Republican dominated Congress culminating in his impeachment by the House of Representatives He was the first American president to be impeached in the Senate by one vote *History of the Impeachment of Andrew Johnson* Edmund G. Ross,2004-06-01
