Angels Ringing Aburance Tha We Are Not A:

The Secret Language of Angels Kathy Mursch, 2017-11-01 Angels are God's messengers but sometimes we have difficulty comprehending the messages they bring because we don't understand the languages they use to speak to us. We need a Rosetta Stone to decipher them and Kathy Mursch provides us with just that in *The Secret Language of Angels*. In this book she describes the five angel languages: feeling, seeing, hearing, knowing, and dreams and visions, and shows us specifically what to look for in the messages that are being delivered to us at all times. In addition to explaining each of the languages, Kathy provides brief anecdotes of how each has shown up in her personal communications with God. She also calls on Biblical evidence where certain figures were visited by angels speaking one of these five languages. The purpose of this book is to help readers strengthen or reinvigorate their connection to God by giving them the tools to hear God's messages directly from their own angels.

Slippery Slopes and Antidotes Karen (Balyeat) Thompson, 2023-09-27 Slippery slopes are the mindsets, the beliefs, and blind spots that keep us from living our best lives. Our vision can be clouded, and that's why we're often unprepared for the unexpected storms that rock our world. Karen Balyeat Thompson looks back at the slippery slopes in her own life in this book. She highlights the fact that every slippery slope has an antidote. Even so, every now and then an avalanche comes up behind us, building momentum and knocking us off balance. We feel buried under the heaviness of it all, and when it comes to our personal storms, we often hide behind them or deny they exist. We hope that in time they'll miraculously go away. We must not let the waves and the wind control us when God is only a prayer away. He hears the prayers of His children. If you do not have a relationship with God now, is the time to start one. Join the author as she shares insights, guidance, and lessons on how to overcome any slippery slope with an antidote. *Shotgun Rider* Richard

Lininger, 2022-06-10 Anyone with an interest in angels will enjoy this true story like no other. The story is about angel power, love, music, and life in the 1960s amid the menacing fear of the effects of the Vietnam War. The author tells a true account of something extraordinary that happened to him during that time. That propelled him to spend the rest of his life trying to sort things out through study of the Bible, accumulating books about angels, and reading other source material in an effort to try to understand what had happened. He found truth for himself while in the process of discovering some life principles for others.

Jamieson LLD,2020-01-08 There are hot spots sink holes and hell holes all over the earth They move around a bit Baghdad in Iraq has been often a hot spot Kabul in Afghanistan is another Then there's the sink hole of Tehran in Iran together with the recently war torn Damascus in Syria Don't blame the places nor even the folks New York in the USA London in the UK and Brussels in the EU are no different for being sometimes politically sinking hot spots or terrorist targeted hell holes In terms of prophetic history a welter of the world's biggest cities are everyday battlegrounds from which governmental academics compartmentalise their own specialist solutions Most of these solutions whether military or civic fall so far short of the cosmic solution as to escalate the existing state of world disorder Sure enough without a barebones history of hell there's no point to fixing up hell holes Without the briefest history of heaven it's also pointless to shore up sink holes And as for the world's hot spots you have to look as deep into the souls of the good guys as you do into the souls of the bad guys But you can't just walk off from compartmentalising a problem and expect it to sort itself out For a workable solution you've got to bring back all the component parts together

again that you first took apart and make them work together That s exactly why this Soul Catcher s Calling stops at nothing short of dealing with all things both under the sun and beyond the sun Soul catching is a military operation at first under command and then undertaken entirely by personal commitment All such tours of duty overseas will be carefully monitored and guided by the most experienced of guardian angels However perilous the front line travel none who seriously commit themselves to this soul catching operation shall get left behind To the Hurting: God Messages Our Hearts on the Hour
