Jacoby, *Architectural Drawings* Helmut Jacoby, 1965 Designing San Francisco Alison Isenberg, 2024-09-24 A major urban history of the design and development of postwar San Francisco Designing San Francisco is the untold story of the formative postwar decades when U S cities took their modern shape amid clashing visions of the future In this pathbreaking and richly illustrated book Alison Isenberg shifts the focus from architects and city planners those most often hailed in histories of urban development and design to the unsung artists activists and others who played pivotal roles in rebuilding San Francisco between the 1940s and the 1970s Previous accounts of midcentury urban renewal have focused on the opposing terms set down by Robert Moses and Jane Jacobs put simply development versus preservation and have followed New York City models Now Isenberg turns our attention west to colorful pioneering and contentious San Francisco where unexpectedly fierce battles were waged over iconic private and public projects like Ghirardelli Square Golden Gateway and the Transamerica Pyramid When large scale redevelopment came to low rise San Francisco in the 1950s the resulting rivalries and conflicts sparked the proliferation of numerous allied arts fields and their professionals including architectural model makers real estate publicists graphic designers photographers property managers builders sculptors public interest lawyers alternative press writers and preservationists Isenberg explores how these centrally engaged arts professionals brought new ideas to city regional and national planning and shaped novel projects across urban suburban and rural borders San Francisco s rebuilding galvanized far reaching critiques of the inequitable competition for scarce urban land and propelled debates over responsible public land stewardship Isenberg challenges many truisms of this renewal era especially the presumed male domination of postwar urban design showing how women collaborated in city building long before feminism s impact in the 1970s An evocative portrait of one of the world s great cities Designing San Francisco provides a new paradigm for understanding past and present struggles to define the urban future **Catalog of the Avery Memorial Architectural Library of Columbia University. 2d Ed., Enl** Avery Library, 1968 **Architectural Drawing** Mary A. Vance, 1979 **Architect's Drawings** Kendra Schank Smith, 2006-08-11 The sketch is a window into the architects mind As creative designers architects are interested in how other architects particularly successful ones think through the use of drawings to approach their work Historically designers have sought inspiration for their own work through an insight into the minds and workings of people they often regard as geniuses This collection of sketches aims to provide this insight Here for the first time a wide range of world famous architects sketches from the Renaissance to the present day can be seen in a single volume The sketches have been selected to represent the concepts or philosophies of the key movements in architecture in order to develop an overall picture of the role of the sketch

in the development of architecture The book illustrates the work of designers as diverse as Andrea Palladio Erich Mendelsohn Sir Edwin Lutyens Gianlorenzo Bernini Le Corbusier Michelangelo Alvar Aalto Sir John Soane Francesco Borromini Walter Gropius and contemporary architects Tadao Ando Zaha Hadid and Frank Gehry to name but a few Each chronologically placed sketch is accompanied by text providing details about the architect s life a look at the sketch in context and the connection to specific buildings where appropriate Style media and meaning are also discussed developing an explanation of the architect s thinking and intentions As creative designers themselves architects are interested in how other architects particularly successful ones think and draw and approach their work Historically designers have sought inspiration for their own work through an insight into the minds and workings of people they often regard as geniuses This collection of sketches aims to provide this insight Listed chronologically each sketch will be accompanied by a text which provides A short synopsis history of the architect s life a look at the sketch in this context the connection to a specific building where appropriate techniques of the sketch style and media meaning what the sketch shows about the architect s thinking and intentions followed by a select bibliography for each section *The Anxious City* Richard J. Williams, 2004 A unique and provocative history of the development of the idea of the city in recent years Key public spaces and buildings in England Europe and the USA are discussed in relation to their socio political context
