Making and Remaking Mosques in Senegal Cleo Cantone, 2012-04-03 This book constitutes a seminal contribution to the fields of Islamic architectural history and gender studies It is the first major empirical study of the history and current state of mosque building in Senegal and the first study of mosque space from a gender perspective *The Masons of Djenné* Trevor Hugh James Marchand, 2009 Artful building practices in one of Africa's most beautiful places *Culture and Customs of Mali* Dorothea E. Schulz Ph.D., 2012-01-06 Touching on everything from its rich musical heritage to its varied cultural traditions this is a thorough and accessible introduction to the contemporary lives of the different peoples who call Mali their home Rated among the world's ten poorest nations Mali has a glorious past and a less certain present Culture and Customs of Mali touches on the first as background for understanding the second exploring multiple facets of contemporary social life and cultural practices in this landlocked West African nation The book offers an overview of diverse aspects of everyday social cultural and religious life in Mali paying particular attention to regional and ethnic variations It shows how current social conventions and cultural values are the product of a centuries long history while at the same time dispels the common perception that African societies are rooted in unchanging tradition Readers will come away with a better understanding of the multiple ways in which Malians starting from their own customs and cultural foundations integrate themselves into an international economic order and a globalized world of shared media images and cultural practices **Bibliography of Art and Architecture in the Islamic World (2 vols.)** Susan Sinclair, 2012-04-03 Following the tradition and style of the acclaimed Index Islamicus the editors have created this new Bibliography of Art and Architecture in the Islamic World The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011 This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies **Architecture soudanaise** Sergio Domian, 1989

Two Thousand Years in Dendi, Northern Benin, 2018-10-16 In Two Thousand Years in Dendi Northern Benin an international team examines a little known part of the Niger River valley West Africa over the longue dur e This area known as Dendi has often been portrayed as the crossroads of major West African medieval empires but this understanding has been based on a small number of very patchy historical sources Working from the ground up from the archaeological sites standing remains oral traditions and craft industries of Dendi Haour and her team offer the first in depth account of the area Contributors are Paul Adderley Mardjoua Barpougouni Victor Brunfaut Louis Champion Annalisa Christie Barbara Eichhorn Anne Filippini Dorian Fuller Olivier Gosselain David Kay Nadia Khalaf Nestor Labiyi Raoul Laibi Richard Lee Veerle Linseele Alexandre Livingstone Smith Carlos Magnavita Sonja Magnavita Didier N Dah Nicolas Nikis Sam Nixon Franck N Po Takpara Jean Francois Pinet Ronika Power Caroline Robion Brunner Lucie Smolderen Abubakar Sule Sani Romuald Tchibozo Jennifer Wexler Wim Wouters **Cultural Heritage in Mali in the Neoliberal Era** Rosa De Jorio, 2016-06-30 Up to 2012 Mali was

a poster child of African democracy despite multiple signs of growing dissatisfaction with the democratic experiment Then disaster struck bringing many of the nation's unresolved contradictions to international attention A military coup carved off the country's south A revolt by a coalition of Tuareg and extremist Islamist forces shook the north The events so violent and unexpected forced experts to reassess Mali's democratic institutions and the neoliberal economic reforms enacted in conjunction with the move toward democracy Rosa De Jorio's detailed study of cultural heritage and its transformations provides a key to understanding the impasse that confronts Malian democracy As she shows postcolonial Mali privileged its cultural heritage to display itself on the regional and international scene The neoliberal reforms both intensified and altered this trend Profiling heritage sites ranging from statues of colonial leaders to women's museums to historic Timbuktu De Jorio portrays how various actors have deployed and contested notions of heritage These actors include not just Malian administrators and politicians but UNESCO and non state NGOs She also delves into the intricacies of heritage politics from the perspective of Malian actors and groups as producers and receivers but always highly informed and critically engaged of international national and local cultural initiatives
