The Basic Revelation in the Holy Scriptures Witness Lee, Lee Wit, 1996-08 **Liturgico-Political Theology: an Introduction (Liturgy and Life as Foundation)** Rev. Fr. Dr. Raphael Olawale Igbaoyinbo MSP, 2021-04-06 This book introduces Liturgico Political Theology whose bedrock is the reality of the Paschal Mystery of Christ and the fruit it has borne for humanity salvation It presents this embrace of theology liturgy and politics as part of the effects of the Christ Jesus won for humanity in His victorious death on Good Friday It reiterates the inseparable connection between liturgy and life in a way that liturgical celebrations do not leave those who take part passive and inactive persons Hence proceeding through an hermeneutic study of liturgical orations of various Masses as presented in the Roman Missal the underlining messages and tasks given to political leaders in particular and public servants in general are articulated They come to realize that the ultimate goal of politicking is to emulate the selflessness of Jesus in serving humanity *Back to the Basics of Teaching and Learning* David W. Jardine, 2017-07-05 This book is about an ecological interpretive image of the basics Essays detailing everyday lived events in classroom life are presented to help readers see beneath the surface ordinariness of these events to uncover and examine the underlying complex and contested meanings they contain Readers are invited to imagine what would happen to our understanding of teaching and learning if we stepped away from the image of basics as breakdown under which education labors today an image of fragmentation isolation and the consequent dispensing manipulation and control of the smallest simplest most meaningless bits and pieces of the living inheritances that are entrusted to teachers and learners in schools By involving readers in re thinking the idea of the basics in educational theory and practice this book offers a more generous rigorous difficult and pleasurable image of what this term might mean in the living work of teachers and learners This is a valuable text for practicing teachers and student teachers interested in re imagining what is basic to their work and the work of their students It also provides examples of interpretive inquiry that will be helpful for graduate students and scholars in the areas of curriculum teaching and learning who are interested in pursuing this form of research and writing The Second Edition is guided by the view that thinking the world together is a form of ecological thinking adds chapters that take up the ecological aspects of this vision the hermeneutic aspects and curricular aspects in the areas of mathematics reading and writing and social studies included also are chapters on child development information and communications technologies and more proposes a version of the basics that asks teachers to be public intellectuals who think about the world who think about the knowledge we have inherited and to which we are offering our students living breathing access Angola Business Law Handbook Volume 1 Strategic Information and Basic Laws IBP USA, 2013-08 Angola Business Law Handbook Strategic Information and Basic Laws Basic Concepts of Industrial Hygiene Ronald M.
