International Editor, *Australian Financial Review*

Australian Foreign Policy Towards A Reassessment

Henry Stephen Albinski

Australian Foreign Policy Towards A Reassessment:

Australian Foreign Policy: Towards a Reassessment Claire Clark, 1973 **Australia's Pursuit of an Independent Foreign Policy under the Whitlam Labor Government** Changwei Chen, 2023-08-11 Examining a series of episodes in Australia's foreign relations under Whitlam the author pays attention to a broad range of hitherto insufficiently researched domestic and international issues in Australia's foreign relations of the early 1970s The election of the Whitlam led Labor Government in December 1972 ushered in fresh ideas and audacious initiatives in Australia's foreign policy Whitlam's approach was shaped by a vision of taking Australia forward to its rightful and independent place in the future of the Asia Pacific region They range from immigration policy and the abolition of appeals from Australian Courts to the Privy Council to such major international issues as the Anglo American base in Diego Garcia French nuclear testing in the Pacific and the Five Power Agreement with respect to Malaysia and Singapore He demonstrates how the pursuit of foreign policy independence repeatedly placed the Whitlam Government in a position wedged in between Australia's traditional allies and the Third World and how it navigated Australia's national interests on a series of dilemma situations involving conflicting strategic interests between Australia and its traditional allies and those between major powers and the non aligned countries The analysis presented in this book contributes to not only historical literature on the subject but also the understanding of how a middle power like Australia can navigate intensifying great power rivalry Essential reading for scholars of Australian foreign policy as well as being an invaluable case study of middle power diplomacy in the Asia Pacific region **The Evolution of Australian Foreign Policy** Alan Watt, 1967 **Australian External Policy Under Labor** Henry Stephen Albinski, 1977

Australia's China Lachlan Strahan, 1996 First published in 1996 Australia's China explores the multifaceted and dynamic Australian encounter with China from the beginning of the Sino Japanese War in 1937 through the Cold War to the Australian recognition of the PRC in 1972 Going beyond conventional policy studies it traces the patterns in Australian reactions to China from the grass roots to official circles highlighting the centrality of images concerning the exotic disease sexuality the frontier and China as a paradise anti paradise In responding to China Australians revealed something of themselves and this book maps the formation of Australian conceptions of identity in the context of a cross cultural encounter which was variously cooperative enriching baffling and antagonistic But there was no single Australian conception of China Rather competing perceptions jostled in a shifting dialogue **Australia's Foreign Relations** Gareth J. Evans, Bruce Grant, 1991 Australia's Foreign Relations is a rigorous lively and comprehensive insider account of how Australian foreign policy works It runs the full gamut of issues fundamental to Australia's place in and relationships with the world It is aimed at researchers policy makers and students of international relations international economics politics and history **Facing North Volume 1** David Goldsworthy, 2012-11-27 Facing North is the first substantial history of Australia's relations with Asia since Federation Volume 1 chronicles Australian Asian relations from 1901 to the 1970s and Volume 2 in preparation will

carry the story through the last decades of the century just ended Both make extensive use of official government sources and of the private collections of ministers and public servants Debate about engagement with Asia is not a recent phenomenon Ever since Federation Australians in public life have expressed diverse views on our foreign policy and on areas with major domestic consequences such as immigration In this volume Australia faces up to many changes in Asia Japan an expanding military power during the 1930s becomes an economic partner during the 1950s The Pacific war and decolonisation open Australia s regional horizons and the Vietnam war necessitates active engagement with Southeast Asia Failure to recognise China during the 1950s and 1960s shifts after 1972 to a vigorous search for relationship Other key developments include the initiation of the Colombo Plan in the 1950s and gradual abolition in the 1960s and 1970s of the White Australia Policy The story is not a simple one of smoothly evolving engagement The challenges presented by Asian realities have evoked complex responses which this history analyses and clarifies It explains the major changes in official Australian policies towards Asia together with the broader cultural challenges Facing North tells us what was done in the past and why It is essential reading for anyone who wants to better understand Australia s present relations with Asian countries and our future choices An Introduction to Australian Foreign Policy Joseph A. Camilleri,1979 **Australian Public Opinion, Defence and Foreign Policy** Danielle Chubb,Ian McAllister,2020-10-28 This book examines the impact of Australian public opinion towards defence and foreign policy from the mid twentieth century to the present day For most of this period the public showed little interest in defence and security policy and possessed limited knowledge about the strategic options available The principal post war exception to this pattern is of course the Vietnam War when political divisions over Australia s support for the U S led action eventually resulted in the withdrawal of troops in 1972 The period since 2001 has seen a fundamental change both in the public s views of defence and foreign affairs and in how these issues are debated by political elites This has come about as a result of major changes in the strategic environment such as a heightened public awareness of terrorism party political divisions over Australia s military commitment to the 2003 11 Iraq War and the increasing overlap of economic and trade considerations with defence and foreign policies which has increased the public s interest in these issues Combining the expertise of one of Australia s foremost scholars of public opinion with that of an expert of international relations particularly as pertains to Australia in Asia this book will be a critical read for those wishing to understand Australia s alliance with the U S interactions with Asia and China and the distinctive challenges posed to Australia by its geographic position Nonalignment and Peace Versus Military Alignment and War Nihal Henry Kuruppu,2004 The Book Posits That The India Australia Relationship Has Greater Significance Than Previously Recognised As The Largest Democracy In The World One Of The Few In The Region That Has Steadfastly Clung To A Robust Democracy In The Face Of Considerable Challenges Including Early Western Pessimism About Its Future Viability India In View Of Some Is On Course To Become A Major Player In Global Trade And Regional Politics In The New Century

This is likewise one of the factors by obtaining the soft documents of this **Australian Foreign Policy Towards A Reassessment** by online. You might not require more era to spend to go to the ebook creation as well as search for them.
