The American West in 2000 Richard W. Etulain, Ferenc Morton Szasz, 2003. The ten original essays commissioned for this book focus on historical subjects in the post-World War II American West. The late Gerald Nash, in whose honor the essays were written, made major contributions to the study of modern American and western American history, and his impact on those fields is demonstrated in these essays by several generations of his students and colleagues. Emphasizing social and cultural developments, the essays draw on methodologies and topics from comparative history, environmental history, urban history, and political history. The authors write on subjects ranging from women's rights to urban sprawl, from organized religion to tourism, from mining to American Indian culture. An autobiographical essay by Nash himself situates his life's work in the context of two formative experiences: his intellectual development as a German refugee arriving in New York in the late 1930s and his commitment to the study of the American West when he began graduate school. The contributors include Margaret Connell Szasz, Arthur R. G. Mez, Donald J. Pisani, Marjorie Bell Chambers, Carol Lynn MacGregor, Christopher J. Huggard, Roger W. Lotchin, and Gene M. Gressley, as well as Nash and the volume editors.

Tradiciones Nuevomexicanas Mary Caroline Montañó, 2001. A comprehensive overview of New Mexican folk arts from the 16th century to the present time.

Sacred Song in America Stephen A. Marini, 2003. In *Sacred Song in America*, Stephen A. Marini explores the full range of American sacred music and demonstrates how an understanding of the meanings and functions of this musical expression can contribute to a greater understanding of religious culture. Marini examines the role of sacred song across the United States, from the musical traditions of Native Americans and the Hispanic peoples of the Southwest to the Sacred Harp singers of the rural South and the Jewish music revival to the music of the Mormon Catholic and Black churches. Including chapters on New Age and Neo-Pagan music, gospel music, and hymnals, as well as interviews with iconic composers of religious music, *Sacred Song in America* pursues a historical, musicological, and theoretical inquiry into the complex roles of ritual music in the public religious culture of contemporary America.

Intrigue of the Past Catherine M. Cameron, 1997.

Santa Fe Elizabeth West, 2012. This question-and-answer book contains 400 reminders of what is known and what is sometimes forgotten or misunderstood about a city that was founded more than 400 years ago. Not a traditional history book, this group of questions is presented in an apparently random order, and the answers occasionally meander off topic as if part of a casual conversation.
