Description :

Buprenorphine: Combatting Drug Abuse with a Unique Opioid
Editors: Alan Cowan and John W. Lewis
Scientists involved in the study of opioid pharmacology and drug abuse have long included among their goals the development of effective analgesics with reduced potential for abuse and dependence, and the development of effective pharmacological agents for the treatment of opioid abuse and dependence. Buprenorphine appears to have made an important scientific and clinical contribution on both of these fronts. In this timely volume, international experts describe the unusual chemical and biological characteristics which make this agent unique, from
