Bultmann Towards A Critical Theology:

Bultmann Gareth Jones,1991-01-08 This is a major new contribution to the contemporary reappraisal of the Bultmann legacy of theology as a phenomenological enterprise rather than a nebulous existentialism **The Mission of Demythologizing** David W. Congdon,2015 Rudolf Bultmann s controversial program of demythologizing has been the subject of constant debate since it was first announced in 1941 It is widely held that this program indicates Bultmann s departure from the dialectical theology he once shared with Karl Barth In the 1950s Barth thus referred to their relationship as that of a whale and an elephant incapable of meaningful communication This study proposes a contrary reading of demythologizing as the hermeneutical fulfillment of dialectical theology on the basis of a reinterpretation of Barth s theological project **John Macquarrie's Natural Theology** Georgina Morley,2017-11-30 Title first published in 2003 John Macquarrie has been a major contributor in the theological world for more than forty years but as yet very little secondary material on his work has appeared This book offers an insightful introduction to Macquarrie s theology arguing that at its heart is a systematic theology of gift Tracing the development of his thought from its early existentialism to the social and world affirming perspectives of later writings this book shows how these developments emerge in dialogue with contemporary thinkers Morley demonstrates how Macquarrie s theology mediates between two traditionally opposing theologies of gift and being centring on the doctrines of God and of human being and reaching its fullest expression in Christology with Christ as the focal point of two personal movements of self giving divine and human Macquarrie himself contributes a Foreword New Testament Theology and its Quest for Relevance Thomas R. Hatina,2013-03-14 New Testament theology raises many questions not only within its own boundaries but also in relation to other fields such as history literary criticism sociology psychology history politics philosophy and religious studies But the overarching question concerns the relevance of two thousand year old writings in today s world How does one establish what is and is not relevant in the New Testament How does one communicate the ancient ideas presented in an alien language alien time and alien culture to a contemporary audience This book is intended to serve as a methodological introduction to the field of New Testament theology aimed at a range of readers undergraduate and Seminary students clergy and laypersons interested in the relevance of scripture It is a guide which aims to help readers understand how practitioners of New Testament theology have wrestled with the relationship between historical reconstruction of the New Testament and its interpretation in the modern world **Making Sense of New Testament Theology** A K M Adam,2005-01-07 Critics have tried to revitalize the discipline of New Testament theology The results of their labors are often disappointing A K M Adam suggests the problems many sense in New Testament theology arise from a mismatch of method and goals That mismatch stems from a preoccupation with modernity as resident in the hallowed halls of regnant historical criticism We need a hermeneutics of theology a hermeneutics of hermeneutics Adam here helps us understand what to keep of the historical critical perspective

when the realization hits that we have been sold a bill of goods that no longer makes good on its promises In that sense Adam's book is far more friendly to the historical critical method as such than unfriendly editor's preface *A History of the Quests for the Historical Jesus, Volume 1* Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One covers the period from the beginnings of Christianity to the end of World War II Volume Two sold separately covers the period from the post War era through contemporary debates *Evangelical Dictionary of Theology* Daniel J. Treier, Walter A. Elwell, 2017-11-07 This bestselling reference tool has been a trusted resource for more than 25 years with over 165 000 copies sold Now thoroughly updated and substantially revised to meet the needs of today's students and classrooms it offers cutting edge overviews of key theological topics Readable and reliable this work features new articles on topics of contemporary relevance to world Christianity and freshened articles on enduring theological subjects providing comprehensive A Z coverage for today's theology students The author base reflects the increasing diversity of evangelical scholars Advisory editors include D Jeffrey Bingham Cheryl Bridges Johns John G Stackhouse Jr Tite Ti nou and Kevin J Vanhoozer *The Routledge Companion to Hermeneutics* Jeff Malpas, Hans-Helmuth Gander, 2014-11-20 Hermeneutics is a major theoretical and practical form of intellectual enquiry central not only to philosophy but many other disciplines in the humanities and social sciences With phenomenology and existentialism it is also one of the twentieth century's most important philosophical movements and includes major thinkers such as Heidegger Gadamer and Ricoeur The Routledge Companion to Hermeneutics is an outstanding guide and reference source to the key philosophers topics and themes in this exciting subject and is the first volume of its kind Comprising over fifty chapters by a team of international contributors the Companion is divided into five

parts main figures in the hermeneutical tradition movement including Heidegger Gadamer and Ricoeur main topics in hermeneutics such as language truth relativism and history the engagement of hermeneutics with central disciplines such as literature religion race and gender and art hermeneutics and world philosophies including Asian Islamic and Judaic thought hermeneutic challenges and debates such as critical theory structuralism and phenomenology

Christology: A Guide for the Perplexed Alan J. Spence, 2015-07-30 Today Christology is of concern to both New Testament scholars and theologians alike and continues to provoke debate within the Church Christology A Guide for the Perplexed examines the key debates and defining moments in the early Church and the Reformation After a brief introduction providing a basic definition of Christology this historical background provides an essential foundation on which to outline later developments in Christology Alan Spence then considers the Quest for the Historical Jesus the work of the major theologians in this area including Barth and Schleiermacher and from the present day N T Wright and Pannenberg and explores the contemporary arguments within the field of Christology

Paul in Israel's Story John L. Meech, 2006-08-10 It is commonplace that postmodern thought has problematized the concept of the self This poses a particularly sharp problem for Christian theologians for whom the idea of the person as a Christian self must be central In this book John Meech addresses this problem by means of a theological hermeneutics that brings together cutting edge scholarship in biblical interpretation and constructive theology The book comprises three major parts In the first Meech reflects on St Paul s construal of Christian identity in light of what has become known as the new paradigm in Pauline studies This movement identified with N T Wright James Dunn and Terence Donaldson stresses the communal aspects of Paul s thought and his narrative understanding of the self In the second part Meech offers a pivotal analysis of Rudolf Bultmann s phenomenology of the self and its impact on his demythologizing interpretation of Paul s writings In the third part Meech engages Paul Ricoeur s late work *Oneself as Another* as a guide to the postmodern problem of selfhood and as a heuristic resource for interpreting Paul s writings He does not restrict himself to a textual treatment of Ricoeur s work on selfhood and narrative nor does he stop at an abstract reflection on its significance for theology Instead he explores in considerable detail the contributions and implications of Ricoeur s later writings for biblical hermeneutics and theology Investigating the unthematized hints about community presupposed in Ricoeur s work Meech reconfigures his ontology of the self as an ontology of the self in community Finally he correlates Paul s communal understanding of the I with this ontology articulating a self that is constituted in community but not reduced to a mere locus of community He argues that the community posited in his study can be understood as the community of the living and dead in Christ
