Burning Forest A Land Fit For Heroes:

The Burning Forest Phillip Mann, 2011-09-29 In its northern fastness Britannia despite all the benefits of the Pax Romana with its technology and brutally rationalist philosophy has kept its mysterious secrets hidden deep in the wild forests that still cover much of the land As the Empire gathers its forces three young people hold the future in their hands the Roman Viti now known as Coll Angus the mechanic turned revolutionary and Mirana the student now in touch with strange powers And as the cold rational imperatives of Rome meet the wild magic of an older world the Empire's dominion will at last be challenged The Burning Forest the triumphant conclusion to the magical epic A Land Fit for Heroes **The Burning**

Forest Phillip Mann, 1996 The final volume of A Land Fit for Heroes set in a twentieth century Britain still ruled by the Romans **Pioneers** Phillip Mann, 2011-09-29 Blue Genes Ape like and with one arm replaced by a claw the not quite human Angelo and his beautiful female partner Ariadne are genetically bred rescuers programmed to travel vast distances through space in suspended animation to bring back Pioneers explorers sent out from Earth generations ago to settle other planets The latest mission is to rescue Pioneer Murray from the planet La Plage and to return to Earth where as usual decades have passed while they have been travelling between the stars But Earth itself has gone through a catastrophic collapse from which its burnt out civilization is trying to recover And amongst the remnants of a sterile and despairing humanity there is less room than ever before for such strange creatures as Angelo Combining rich and weird alien environments with exciting deep space adventure Pioneers is a brilliant novel of love and alienation in a strange and poignant future **The Paradise Mission** Phillip Mann, 2014-05-29 Long before Paradise was properly colonised and investigated one young woman was sent to explore the strange new world Her mission to find and rescue the discoverer of the planet a young man obsessed with finding alien species and protecting them from rapacious humanity Crispin's initial reports were positive but became increasingly infrequent and jumbled And then they stopped altogether But his life support systems show green and his hard earned knowledge is needed Hetty must explore this new idyllic land learn what she can about its tricks and dangers and track down someone who may not want to be found almost certainly doesn't want help and might even be dead But something is alive on Paradise *Escape to the Wild Wood* Phillip Mann, 2011-09-29 Britannia is a land of forests it is said a man can walk from the walls of Eboracum to the southern sea without leaving the shade of the greenwood inhabited by wildcats wolves and bears as well as by the descendants of the folk who built Stonehenge Traversing the forests linking the Roman cities are the straight Roman roads on which solar powered aircars travel from the far north of Britain to

expressways that link with London Rome Constantinople and beyond In this world Rome never fell to the Barbarians the legions never left Britain and now in the late twentieth century Rome is the capital of a vast global civilisation Outside Eboracum or York as we know it and dominating the city is the Battle Dome a vast hemisphere enclosing the artificial landscapes where the Games as brutal deadly and colourful as ever are held Here the destinies of three young people come

together when a jealous feud forces them to flee the Dome and take refuge in the forest There Viti Miranda and Angus discover that the older Britain that has endured for two millennia where the assumptions of rational Romans and city dwellers no longer apply And it is there they find they must learn new lessons about their world if they are to survive This first volume of A Land Fit for Heroes is a superb lyrical novel of cultures clashing in a wonderfully evoked alternate world filled with magic wonder and haunting sense of place Stand Alone Stan Phillip Mann,2011-09-29 Britannia 1993 In a world where the Roman legionaries never left Britain a man can walk from the walls of York or Eboracum to the southern seas without leaving the shade of the greenwood inhabited by wildcats wolves and bears as well as the descendants of the folk who built Stonehenge Solar powered air cars journey along straight roads that connect them to the Roman settlements and link them to the cities of a global empire When a jealous feud forced three young people into the forest they discovered an older Britain where the rules of rational Rome no longer applied But now their sanctuary has been besieged and they are once more on the run Their destination this time is Stand Alone Stan a community built around an ancient standing stone high on the Yorkshire Moors And it is here that their paths must at last diverge and we begin to suspect the very different destinies that await them Stand Alone Stan is the second volume of A Land Fit for Heroes **Wulfsyarn** Phillip Mann,2011-09-29 The Nightingale was the most advanced craft in the entire fleet of Mercy ships belonging to the Gentle Order of St Francis Dionysos On its maiden voyage its life bays packed with refugees the Nightingale disappeared Despite strenuous efforts no trace of it could be found Then a year later a distress signal was heard and the Nightingale reappeared It was damaged in ways that meant its survival in space was a miracle But of its previous cargo of life forms there was no sign Only one creature remained alive within the ship and that was its captain Jon Wilberfoss Wulfsyarn is the story of the Nightingale and of Jon Wilberfoss It is told by Wulf an autscribe who has the task of observing Wilberfoss in the aftermath of his return For the captain of the Nightingale is a condemned man condemned by the Gentle Order and self condemned by a burden of guilt so intense his mind refuses to acknowledge it Over the long period of Wilberfoss tortured convalescence in a peaceful monastery garden on the planet Tallin Wulf watches and waits recording the mosaic of Wilberfoss life his childhood and adolescence his entry into the Gentle Order his marriage to a native Tallin woman and the great moment when he was chosen as captain of the Nightingale But can Wulf bring Wilberfoss to finally face the truth of what happened on the Nightingale s fatal first and last journey **Monsters in the Garden** David Larsen,Elizabeth Knox,2021-02-23 Too stuffy inside All those familiar social realist furnishings all those comfortable literary tropes Perhaps a stroll out under the trees where things are breezier stranger more liable to break the rules You may meet monsters out there true But that s the point Casting its net widely this anthology of Aotearoa New Zealand science fiction and fantasy ranges from the satirical novels of the 19th century utopians one of which includes the first description of atmospheric aerobreaking in world literature to the bleeding edge of now Spaceships and worried sheep Dragons and AI The shopping mall that swallowed the Earth The deviant

the fishy and the rum all bioengineered for your reading pleasure Featuring stories by some of the country s best known writers as well as work from exciting new talent *Monsters in the Garden* invites you for a walk on the wild side We promise you ll get back safely *Unchanged Well* that s another question **The Eye of the Queen** Phillip Mann,2011-09-29 An extra terrestrial way of death When legendary linguist Marius Thorndyke visits the bizarre planet of Pe Ellia he is inexorably sucked into the local way of life of sex of death Nearly twice our size powerful intelligent skin changing yet roughly humanoid the alien Pe Ellians are vulnerable and deadly *Master of Paxwax* Phillip Mann,2011-09-29 It is the far distant future Humanity has spread across the galaxy systematically wiping out imprisoning and enslaving every species hostile or not Now the galaxy is ruled by the Eleven Families each supreme in its own vast realm But beneath the surface of one dead and obscure planet lie the seeds of rebellion For here the survivors of the ravaged alien races have taken refuge to plot their revenge on their barbaric conquerors and the downfall of the human empire One man is chosen to be the instrument of their vengeance but he doesn t know it His name Pawl Paxwax He is second son of the Fifth Family and this is his story a magnificent epic of far future intrigue passion and tragedy
