urgent call for law enforcement to prioritize far right violence and end tolerance for police racism In Policing White Supremacy former FBI agent Mike German who worked undercover in white supremacist and militia groups issues a wake up call about law enforcement s dangerously lax approach to far right violence Despite over a hundred deadly acts by far right militants since the 2017 Unite the Right rally in Charlottesville and the far right s attempts to obstruct transfer of power to a duly elected president on January 6 the FBI continues to deprioritize investigations into white supremacist violence instead targeting marginalized groups such as environmentalists and Black Lives Matter In 2005 for example the FBI labeled eco terrorists as the top domestic threat despite not a single fatal attack in the United States Noting that the FBI does not even compile accurate national data on white supremacist violence German also exposes the continuing tolerance of overt racism in law enforcement and police membership in white supremacist organizations The threat these officers pose became clear when at least twenty eight current and former law enforcement officials were alleged to have participated in the 2021 Capitol breach With chapters on The Rise of the Proud Boys A New Approach to Policing Hate Crimes and Policing the Police
