Making Your Children's Ministry the Best Hour of Every Kid's Week David Staal, 2009-05-26 Promiseland is Willow Creek's highly successful children's ministry. Using examples from Promiseland and churches of all sizes around the country, this book provides step-by-step guidance and creative application exercises to help churches develop a thriving children's ministry, one that strives to be the best hour of every kid's week. Included are Scripture-based principles and practical resources for church staff members and volunteers who agree with the critical role children's ministry plays in a local church. *Making Your Children's Ministry the Best Hour of Every Kid's Week* based on twenty-eight years of experience at Willow Creek explains four ministry foundations: Mission, Vision, Values, and Strategy. Content includes detailed answers to questions facing every children's ministry: What does Jesus expect from children's ministry? How can we evangelize lost kids and disciple saved kids at the same time? and should we? How do we engage kids so they don't become bored? How do we get better at recruiting and leading volunteers? How can our ministry be a safe place for children? Six specific ministry values that address the needs of today's children. Practical first steps for ministries that want to get serious about change. Clear indicators of success in children's ministry.

Evidence-Based Practices to Reduce Falls and Fall-Related Injuries Among Older Adults Cassandra W. Frieson, Maw Pin Tan, Marcia G. Ory, Matthew Lee Smith, 2018-09-20 Falls and fall-related injuries among older adults have emerged as serious global health concerns which place a burden on individuals, their families, and greater society. As fall incidence rates increase alongside our globally aging population, fall-related mortality, hospitalizations, and costs are reaching never-seen-before heights. Because falls occur in clinical and community settings, additional efforts are needed to understand the intrinsic and extrinsic factors that cause falls among older adults, effective strategies to reduce fall-related risk, and the role of various professionals in interventions and efforts to prevent falls, e.g., nurses, physicians, physical therapists, occupational therapists, health educators, social workers, economists, policy makers. As such, this Research Topic sought articles that described interventions at the clinical, community, and/or policy level to prevent falls and related risk factors. Preference was given to articles related to multi-factorial, evidence-based interventions in clinical, e.g., hospitals, long-term care facilities, skilled nursing facilities, residential facilities, and community, e.g., senior centers, recreation facilities, faith-based organizations, settings. However, articles related to public health indicators and social determinants related to falls were also included based on their direct implications for evidence-based interventions and best practices.

Handbook of Early Literacy Research Susan B. Neuman, David K. Dickinson, 2003-04-07 Current research increasingly highlights the role of early literacy in young children's development and facilitates the growth of practices and policies that promote success among diverse learners. *The Handbook of Early Literacy Research* presents cutting-edge knowledge on all aspects of literacy learning in the preschool years. Volume 1 covers such essential topics as major theories of early literacy, writing development, understanding learning disabilities, including early intervention approaches, cultural and socioeconomic contexts of literacy.
