Buddhas Art Of Healing Tibetan Paintings Rediscovered:

The Buddha's Art of Healing John F. Avedon, 1998 This lavishly illustrated book provides the general reader with the first authentic introduction to the world of Tibetan medicine offering unparalleled access to its wealth of knowledge wisdom and lore 140 illustrations 120 in full color The Culture of the Book in Tibet Kurtis R. Schaeffer, 2014-10-07 The history of the book in Tibet involves more than literary trends and trade routes Functioning as material intellectual and symbolic object the book has been an instrumental tool in the construction of Tibetan power and authority and its history opens a crucial window onto the cultural intellectual and economic life of an immensely influential Buddhist society Spanning the fourteenth to the eighteenth centuries Kurtis R Schaeffer envisions the scholars and hermits madmen and ministers kings and queens who produced Tibet's massive canons He describes how Tibetan scholars edited and printed works of religion literature art and science and what this indicates about the interrelation of material and cultural practices The Tibetan book is at once the embodiment of the Buddha's voice a principal means of education a source of tradition and authority an economic product a finely crafted aesthetic object a medium of Buddhist written culture and a symbol of the religion itself Books stood at the center of debates on the role of libraries in religious institutions the relative merits of oral and written teachings and the economy of religion in Tibet A meticulous study that draws on more than 150 understudied Tibetan sources The Culture of the Book in Tibet is the first volume to trace this singular history Through a single object Schaeffer accesses a greater understanding of the cultural and social history of the Tibetan plateau Soundings in Tibetan Medicine International Association for Tibetan Studies. Seminar, 2007 This collection of studies on the anthropology and history of Tibetan medicine provides fascinating new insights into both dynamic developments and historical continuities in medical knowledge and practice that have been manifest in a range of traditional and contemporary Tibetan societies **Proceedings of the Tenth Seminar of the IATS, 2003. Volume 10: Soundings in Tibetan Medicine**, 2007-10-15 In this volume for the first time Tibetan Medicine is approached from a combination of anthropology and history These two disciplines appear to be vital to come to understand Tibetan medical knowledge and practice as being complex diverse and dynamic phenomena which reflect changing social and historical conditions at the same time while also appealing to or preserving an older canon of traditions Part One examines the impacts of various modernities in Tibet the Himalayan borderlands and the Tibetan exile including standardisation and scientization of Tibetan medicine Part Two investigates the transmission and professionalisation of medical knowledge and its role in identity construction Part Three traces connections between various body images practices and cosmologies in Tibetan societies and how mental and physical illnesses are understood Part Four critically presents new or little known histories commentarial practices textual narratives and oral sources for investigating the history of Tibetan medicine **Tibetan Medicine in the Contemporary World** Laurent Pordié, 2012-08-21 The popularity of Tibetan medicine plays a central role in the international market for alternative medicine and has been

increasing and extending far beyond its original cultural area becoming a global phenomenon This book analyses Tibetan medicine in the 21st century by considering the contemporary reasons that have led to its diversity and by bringing out the common orientations of this medical system Using case studies that examine of the social political and identity dynamics of Tibetan medicine in Nepal India the PRC Mongolia the UK and the US the contributors to this book answer the following three fundamental questions What are the modalities and issues involved in the social and therapeutic transformations of Tibetan medicine How are national policies and health reforms connected to the processes of contemporary redefinition of this medicine How does Tibetan medicine fit into the present globalized context of the medical world Written by experts in the field from the US France Canada China and the UK this book will be invaluable to students and scholars interested in contemporary medicine Tibetan studies health studies and the anthropology of Asia Winner of the ICAS Colleagues Choice Award 2009
