Bones Of Contention:

Bones of Contention Frank O'Connor, 1933 Bones of Contention Marvin L. Lubenow, 2004-10-01 Seeking to disprove the theory of human evolution the author examines the fossils of the so called ape men **Bones of Contention** Edward Candy, 1954 Africa's Big Five and Other Wildlife Filmmakers Jean Hartley, 2010 Jean Hartley born in Kenya is acknowledged as being the first to legitimise fixing for wildlife film crews Over the last 25 years she has worked on over a thousand films the vast majority being about wildlife and nature She features five of the great film makers who all started their careers in Kenya in the 1950s legends whom she is proud to call personal friends Watching all of their films and many more she became fascinated by the history of film making in Kenya and determined to find out when it all started In this insightful book she traces the roots of wildlife film back a hundred years drawing on accounts of the original film makers and the professional hunters who guided those early safaris She tracks the changes from those grainy speeded up silent films through to the technologically perfect High Definition and 3D films that are being made today *Bones of Contention* Robert Gilbert Vansittart Baron Vansittart, 1945 *Early American Proverbs and Proverbial Phrases* Bartlett Jere Whiting, 1977 p B J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor's Dictionary of American Proverbs and Proverbial Phrases 1820 1880 It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting's authority a proverb or proverbial phrase is what B J W thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what's the real thing and what is spurious **Bones of Contention** Sir Robert Gilbert Vansittart, 1943* Bones of Contention Sean Campanella, University of Alabama. Women who Speak for Peace Colleen E. Kelley, Anna L. Eblen, 2002 How do women talk about peace and violence What moves ordinary women into extraordinary activism This book profiles ten influential women activists relating their experiences and rhetorically analyzing their public communication in and about their efforts for peace Authors also employ feminist theory to gauge the effectiveness of each activist from Americans Ida B Wells and Jane Addams to those still speaking for peace such as Liberia's Ruth Perry and the former Burma's Aung San Suu Kyi Visit our website for sample
