Bonington Circle:

Richard Parkes Bonington Richard Parkes Bonington, 1929 **Rethinking British Romantic History, 1770-1845** Porscha Fermanis, John Regan, 2014-11-27 Historians and literary scholars tend to agree that British intellectual culture underwent a fundamental transformation between 1770 and 1845 Yet they are unusually divided about the nature of that transformation and whether it is best understood as an epistemic rupture from or a continuous dialogue with the long eighteenth century *Rethinking British Romantic History 1770 1845* rethinks the ways in which we understand the historical writing and the historical consciousness of late eighteenth and early nineteenth century Britain by arguing that British historicism developed largely in quasi and para historical genres such as memoir biography verse fiction and painting rather than in works of real history In a number of inter related essays on changing generic forms styles methods and standards the collection demonstrates that the aesthetic developments associated with British literary Romanticism not only intersected in mutually dependent ways with concurrent experiments and innovations in historical writing but that these intersections forced an epistemological crisis a deeply felt tension about the role of feeling and imagination in historical writing that is still resonating in historiographical debates today In exploring this theme the volume also seeks to consider wider questions about the philosophy of history and literature including questions of truth evidence professionalization disciplinary strategies and methodology At its heart is the idea that literary texts and other artistic representations of history can have historical value and should therefore be taken seriously by practitioners of history in all its forms ~*The Bonington Circle* Marcia Pointon, 1985 **Richard Parkes Bonington** Stephen Duffy, 2003 All of Bonington's paintings owned by the Wallace Collection are illustrated in this book **Richard Parkes Bonington** Richard Parkes Bonington, Matt Cambridge, 2002

Bonington Malcolm Cormack, Richard Parkes Bonington, 1989 Richard Parkes Bonington 1802-28 stands as one of England's most important and prolific landscape artists ranking alongside Turner and Constable as a prime exponent of the English Romantic Movement His watercolour paintings are considered to be exemplary of the English tradition Bonington's reputation for poetic and topographical landscapes as well as for dash and brilliance earned him a renown that spanned Europe but which has mysteriously dimmed with the years This timely and unique assessment of Bonington will once again establish an appreciation of his work as a peerless artist Publisher's description **The Boys of Everest** Clint Willis, 2017-03-15 The exploits of mountaineering's most colorful band of adventurers *The Boys of Everest* by Clint Willis tells the gripping story of Bonington's Boys a band of climbers who reinvented mountaineering during the three decades after Everest's first ascent It is a story of tremendous courage astonishing achievement and heartbreaking loss Chris Bonington's inner circle included a dozen of mountaineering's most legendary figures Don Whillans John Harlin Dougal Haston Doug Scott Peter Boardman Joe Tasker and others who together gave birth to a new brand of climbing They took increasingly challenging risks on now legendary expeditions to the world's most fearsome peaks and they paid an enormous price Most of

them died in the mountains leaving behind the hardest question of all was it worth it Willis's classy style turns reportage into literature Bonington's Boys come across as raw anguished souls As Willis describes in his artful prose their suffering is not just a means to an end the summit it is an end The New York Times A gripping adventure saga Publishers Weekly A death haunted saga of the scalers of heaven Kirkus Reviews Mr Willis tells a story that is gripping and poignant and even appalling The Wall Street Journal **Reading Landscape** Simon Pugh, 1990 Bonington, Francia & Wyld Marcia R. Poinon, 1985 Catalogue raisonné of the works in the Victoria and Albert Museum One Day as a Tiger John Porter, 2014-09-01 The wall was the ambition the style became the obsession In the autumn of 1982 a single stone fell from high on the south face of Annapurna and struck Alex MacIntyre on the head killing him instantly and robbing the climbing world of one of its greatest talents Although only twenty eight years old Alex was already one of the leading figures of British mountaineering's most successful era His ascents included hard new routes on Himalayan giants like Dhaulagiri and Changabang and a glittering record of firsts in the Alps and Andes Yet how Alex climbed was as important as what he climbed He was a mountaineering prophet sharing with a handful of contemporaries including his climbing partner Voytek Kurtyka the vision of a purer form of alpinism on the world's highest peaks One Day As A Tiger John Porter's revelatory and poignant memoir of his friend Alex MacIntyre shows mountaineering at its extraordinary best and tragic worst and draws an unforgettable picture of a dazzling argumentative and exuberant legend
