Where the Rivers Run North Sam Morton, 2014-06-03 ONE HUNDRED THOUSAND TRAVELERS had crossed the Oregon Trail during the gold rush of 1849 Even the most backwoods warrior understood what that meant disease death and conflict with the whites As a result of the Treaty of 1851 some Indians were convinced that the country to the north called Absaraka might be a better option for a home range At the very least it held the promise of less trouble from the whites The danger from other tribes was another matter *The Keeper of the Horse* R.G. Duvall, 2010-07-14 In the late 1700s the western Indian nations had dealt with white men for more than two hundred years Buffalo Horn a highly respected Comanche warrior receives a vision from the Great Spirit The unnerving vision tells of the coming of even a greater foe than either the Spanish or French This new foe represented by Blue Buffalo in his vision wants land even if it means doing away with the Indian people and their cherished way of life It has been long prophesied by many that a leader would one day appear among the Indian nations to unite and lead them to victory over the foretold coming of the great enemy He would be known to all as the Keeper of the Horse Buffalo Horns son Wise Council appears as answer to the long awaited prophecy Endowed with many talents he possesses wisdom and leadership abilities beyond his years Some call him a prophet a Manitou and some consider him to be the son of the Great Spirit sent to earth to unite the Indians and to teach brotherhood In a vision he learns that he will be the new Keeper of the Horse and the trail he must follow is predetermined but filled with obstacles The only way to overcome them to unite his people and preserve their way of life is to keep to the path and trust in the Great Spirit **The Prairie Traveler** Randolph Barnes Marcy, 1859 This was the indispensable handbook for American pioneers traveling west in the mid 19th century Commissioned and published by the U S government and written in a straightforward and helpful voice by U S Army officer Randolph Barnes Marcy 1812 1887 it offers all the useful and necessary advice overland travelers to the far West needed to ensure a safe journey the different routes to California and Oregon how to pack a wagon for the journey finding and purifying water repairing broken wagons weathering storms how to handle saddle wounds the best way to make a fire on the prairie interacting with Indians hints on the best methods of hunting and much more Complete with all the original maps and illustrations this replica edition is a remarkable artifact of one of the most exciting and dangerous eras in American history **The great terrestrial reservoir, the ocean, and the inhabitants of the mighty deep.
