A Life Within A Life:

Lives Within a Life Dr Robert Bayley, 2011-06-01 Description LIVES WITHIN A LIFE is a novel chronicling the onset and progression of schizophrenia upon the central character The complexities and symptoms of the disorder are described with great clarity as more and more of the character's mind and ensuing behaviour are affected Relationships and their significance are explored during the evolution of a spiritual journey culminating in a cataclysmic finale Creative release taking in the visual literary and musical arts illuminates the narrative These elements and their influence convey the hidden beauty and compassionate nature of the lost and forlorn The multi layered intricacies of psychosis reveal an individual experiencing the truly extraordinary As the illness gains momentum all aspects of its effects on the inner psyche become apparent in a uniquely descriptive manner An existence encompassed by nightmares and demons a life bringing new trials which unearths the essence of the human condition and the instinct to survive The climax has its own twist and play on the perception of reality bringing the novel to a powerful and inspiring conclusion ALL AUTHOR PROFITS FROM THIS PUBLICATION WILL GO TO SUPPORT SANE A CHARITY THAT HELPS THOSE WITH SCHIZOPHRENIA AND OTHER SERIOUS MENTAL ILLNESS About the Author Robert Bayley is a writer composer and artist For most of his adult life he has lived with paranoid schizophrenia This has resulted in long periods of hospitalisation as the illness has ravaged his life The persecutory voices and visions bombard his every day existence causing him to descend into the hell of paranoid despair A myriad of medicinal treatments have been tried to keep the symptoms under some form of control with the archaic major tranquillizers bringing horrendous side effects to the current use of atypical neuroleptics These work with greater precision and so contribute some relief This allows the author to capitalise on periods of positive and intense creativity He has studied the visual arts incorporating film photography ceramics and art history He is a multi instrumentalist and composes and records music combined with spoken prose that conveys the horror of psychotic bombardment His creative endeavours are a method of coping with disorder and extremes and his work in whatever genre attempts to articulate this To tap into and extract the profound nature of suffering is what motivates Robert His desire is to describe and transform that torment into constructive and inspiring realms The words chords and imagery are his tools **The Life Within** Stephen Houston, 2014-03-25 Beautifully written and illustrated The Life Within is the first full study of the vitality and materiality of Classic Maya art and writing and the quest for transcendence and immortality *Situating Josephus' Life within Ancient Autobiography* Davina Grojnowski, 2023-06-15 Davina Grojnowski examines Life the autobiographical text written by ancient Jewish historian Flavius Josephus from a literary studies perspective and in relation to genre theory In order to generate a framework of literary practices Josephus Life and other texts within Josephus literary spheres all associated with autobiography are the focus of a detailed literary analysis which compares the texts in terms of established features such as structure topoi and subject This methodological examination enables a better understanding of the literary boundaries of

autobiography in antiquity and illustrates Josephus thought process during the composition of Life Grojnowski also offers a comparative study of autobiographical practices in Greek and Roman literature demonstrating the value of passive education supplementing what had been taught actively and its impact on authors and audiences As a result she provides insight into the development of literary practices in reaction to various forms of education and subsequently reflects on the religious self views of authors and audiences Simultaneously Grojnowski reacts to current discourses on ancient literary genres and demonstrates that ancient autobiography existed as a teachable literary genre in classical literature
