(The Hearts of Steel)** Francis Joseph Bigger, 1910 *An Economic History of Ireland Since Independence* Andy Bielenberg, Raymond Ryan, 2013 This book traces the evolution of the Irish economy since independence looking at how the state sought to shape regulate and deregulate economic activity to deal with the challenges posed by the wider international environment **A History of Jewish Youngstown and the Steel Valley** Thomas Welsh, Joshua Foster, Gordon F. Morgan, The Mahoning Valley Historical Society, 2017-05-01 Founded in the Mahoning Valley during 1837 a tiny settlement of secular German immigrants grew into one of the most influential centers of Jewish life in the Midwest Home to nationally renowned rabbis and Zionist firebrands alike the community produced an astonishing array of leaders in an impressive range of fields throughout the twentieth century This notable legacy ranges from the entertainment juggernaut of Warner Brothers to the Arby's fast food empire and the prominent Youngstown Sheet Tube among many others Authors Thomas Welsh Joshua Foster and Gordon F Morgan trace the unique history of one of Ohio's oldest Jewish communities from its humble beginnings into the challenging climate of the new millennium *Industry and Policy in Independent Ireland, 1922-1972* Frank Barry, 2023-09-27 This book revisits the history of industry and industrial and economic policy in independent Ireland from the birth of the state to the eve of EEC accession Though there were several manufacturing employers of significance and smaller firms in operation in almost every major branch of industry the Irish Free State was predominantly agricultural at its establishment in 1922 Industrial development was high on the nationalist agenda as would be the case across the entire developing world in the later post colonial era Despite decades of protection and a substantial increase in the size of the manufacturing sector Ireland remained under industrialised when it joined the European Economic Community in 1973 Over the previous decade and a half however the foundations of later convergence had been laid Ireland was an early adopter of what would come to be known as dual track reform The policy of attracting outward oriented foreign direct investment was initiated before substantial trade liberalisation began By 1972 there had been a significant diversification in export categories and export destinations and in the nationality of ownership of the leading manufacturing firms Some of the most successful indigenous companies of the future were also beginning to emerge In these and other respects the foundations of the economic progress that would be made over the course of EEC membership were already discernible notwithstanding the post accession collapse of most protectionist era businesses The analysis is supplemented by a unique firm level database that allows for the identification of the leading manufacturing firms in operation at any stage from the early 1900s through to 1972 The database extends by more than 50 years the period for which estimates of the significance of foreign owned industry can be provided **Pennsylvania, a History** George Patterson Donehoo, 1928 **A Historical Survey of the Boiler Makers' and Iron and Steel Ship Builders' Society** David Charles Cummings, 1905 *Catalogue of the Illinois state library.* W.H.
