Polons'ka-Vasylenko,1968 *The History of Ukraine* Paul Kubicek,2023-06-30 The Russia Ukraine war that began in 2022 turned the world's attention on Ukraine the second largest country in Europe and one of the leading global exporters of wheat and other valuable commodities Though some Russian leaders have long denied and continue to reject Ukrainian sovereignty this book presents a comprehensive picture of Ukraine that is both intertwined with and distinct from Russian history From its days as Kyivan Rus and its inclusion in the Russian Empire to the fall of the Soviet Union the Euromaidan demonstrations and the outbreak of war with Russia Ukraine as this book demonstrates has developed its own identity territory and culture With an up to date timeline of events short biographies of contemporary and historical figures and a useful annotated bibliography this book unpacks the historical claims and issues relevant to the conflict with Russia and provides an accessible introduction to Ukraine and its peoples **Ukraine and Russia** Serhii Plokhy,2008-04-05 The question of where Russian history ends and Ukrainian history begins has not yet received a satisfactory answer Generations of historians referred to Kyiv the capital of Ukraine as the starting point of the Muscovite dynasty the Russian state and ultimately the Russian nation However the history of Kyiv and that of the Scythians of the Northern Black Sea region have also been claimed by Ukrainian historians and are now regarded as integral parts of the history of Ukraine If these are actually the beginnings of Ukrainian history when does Russian history start In Ukraine and Russia Serhii Plokhy discusses many questions fundamental to the formation of modern Russian and Ukrainian historical identity He investigates the critical role of history in the development of modern national identities and offers historical and cultural insight into the current state of relations between the two nations Plokhy shows how history has been constructed used and misused in order to justify the existence of imperial and modern national projects and how those projects have influenced the interpretation of history in Russia and Ukraine This book makes important assertions not only about the conflicts and negotiations inherent to opposing historiographic traditions but about ways of overcoming the limitations imposed by those traditions *Russia is the blood enemy of Ukraine. The true history of Ukraine and Russia from the 2nd century BC. not distorted by Russian propaganda.* Nashchubskiy,2024-04-13 This historical book reveals the secrets of the past casting light on the dark corners of the relationship between Ukraine and Russia It unfolds a large scale picture of an age old relationship shedding light on the tragic events and indescribable feats of both nations As we travel through time we will discover that the history of these two peoples is intertwined with threads of complex events dating back to ancient times Each page of the book reveals not only the fascinating drama of historical vicissitudes but also pronounced features of national character that shape the fate of peoples This deep dive into the past opens eyes to the true causes of much of Ukraine's suffering revealing complex knots of political and cultural influences from Russia But at the same time it offers a new perspective on the relationship between these peoples calling for understanding and healing of historical wounds This historical book is a ruthless expose of Russia as the root of all Ukraine's ills I will tear the covers off the centuries old lies and manipulations of the Kremlin I will prove that

every historical tragedy in Ukraine has roots in Russian influence From ancient times to modern times we will look at the shocking truth hidden from us and see the real face of Russia as the main aggressor and oppressor of Ukraine This is a guide to the true history of the two peoples which will convince you to rethink the shared history of these countries **A History of Ukraine** Oleksandr Palii,2018
