A History of African Societies to 1870 Elizabeth Isichei, 1997-04-13 This comprehensive and detailed exploration of the African past from prehistory to approximately 1870 is intended to provide a fully up to date complement to the Cambridge History of Africa Reflecting several emphases in recent scholarship it focusses on the changing modes of production on gender relations and on ecology laying particular stress on viewing history from below A distinctive theme is to be found in its analyses of cognitive history The work falls into three sections The first comprises a historiographic analysis and covers the period from the dawn of prehistory to the end of the Early Iron Age The second and third sections are for the most part organised on regional lines the second section ends in the sixteenth century the third carries the story on to 1870 A second volume now in preparation will cover the period from 1870 to 1995 This book attempts a more rounded view of African history than most of the other textbooks on the subject addressed to a largely undergraduate level student Earlier histories have tended to ignore some of the current foci in the scholarly literature on Africa generally not reflected in the textbooks these include discussions of topical issues like ecology and gender Isichei's book is also more radical

A Political History of Zambia B. J. Phiri, 2006

One Zambia, Many Histories Giacomo Macola, 2008-08-31 In contrast to the rich tradition of academic analysis and understanding of the pre colonial and colonial history of Zambia the country's post colonial trajectory has been all but ignored by historians The assumptions of developmentalism the cultural hegemony of the United National Independence Party's orthodoxy and its conflation with national interests and a narrow focus on Zambia's diplomatic role in Southern African affairs have all contributed to a dearth of studies centring on the diverse lived experiences of Zambians Inspired by an international conference held in Lusaka in August 2005 and presenting a broad range of essays on different aspects of Zambia's post colonial experience this collection seeks to lay the foundations for a future process of sustained scholarly enquiry into the country's most recent past
