TECHNOLOGICAL GIANTS: GOOGLE, APPLE, FACEBOOK, AMAZON AND THE DIGITAL REVOLUTION DAVID SANDUA,2023-07-16 Step into the fascinating world of the digital revolution and discover how four tech giants Google Apple Facebook and Amazon have transformed our lives in unimaginable ways From their humble beginnings to their global dominance these companies have redefined the way we interact work and live Have you ever wondered how Google changed advertising forever Or how Amazon became the go to platform for online shopping This book delves into these questions and much more exploring the impact of these giants on various industries and society at large But not all is rosy The digital revolution has also raised serious ethical and privacy concerns Who is in control of our data How are these giants influencing our perception of reality and our decision making This book not only celebrates the technological advances that have made a more connected world possible but also raises critical questions that we all need to consider in this digital age From the democratization of knowledge to political polarization this book is essential reading for anyone who wants to understand the digital world we live in

Amazon Benedetta Brevini,Lukasz Swiatek,2020-11-26 Taking a political economy of media approach this book examines Amazon as a significant actor in the global media landscape Amazon is mainly conceived in the popular consciousness and media commentary as a corporate body selling products and services to individual consumers and organisations but Brevini and Swiatek show that Amazon has become a communication giant that trades in diversified media its own and others and exerts a significant influence on global communication especially through its online services Further the authors provide evidence of Amazon s multiple influences on politics economics and culture With its comprehensive and critical overview this book is ideal for students scholars and researchers of media and communication studies and political economy

The Colonization of the Amazon Anna Luiza Ozorio de Almeida,2010-07-22 Deforestation in the Amazon one of today s top environmental concerns began during a period of rapid colonization in the 1970s Throughout that decade Anna Luiza Ozorio de Almeida a Stanford trained economist conducted a complex and massive economic study of what was going on in the Amazon who was investing what what was gained and what it cost in all its aspects The Colonization of the Amazon the resulting work brings together information on the physical demographic institutional and economic dimensions of directed settlement in the Amazon Basin and raises significant questions about the gains and losses of the settlers the reasons for these outcomes and the economic rationale behind the devastation of the rainforest Particularly illuminating is Almeida s exploration of the role of the frontier in Brazil and her distinction between types of migrants and migrations She concludes that the political costs avoided by not undertaking agrarian reform are being paid by devastating the Amazon with the conflict between distribution and conservation steadily worsening Today it can no longer be circumvented
