possibility they held people in slavery and were slaveholders when they died Lives built on slavery were incompatible with a free and just society their actions contradicted the very ideals they espoused They managed nonetheless to pass down those ideals and they became powerful weapons for ending slavery They inspired Abraham Lincoln and Frederick Douglass and today undergird the freest nation on earth Taking full measure of strengths and failures in the personal as well as the political lives of the men at the center of this book Cheney offers a concise and original exploration of how the United States came to be
