From Sea to Shining Sea United States. President's Council on Recreation and Natural Beauty, 1968 *Woman of the House* Vincent Bzdek, 2025-09-23 While the Democratic nominee for President will likely emerge from the 2008 primaries bloody and bruised the always smiling confoundingly popular Speaker of the House Nancy Pelosi will be front and center as the party heads to its National Convention in August Not only has she somehow won the confidence of the boys club of the House and returned her party to majority status after twelve years of Republican rule but she has managed in her first 100 hours on the job to pass much of the legislation she promised Pelosi is also leading the vocal in your face opposition to the Iraq War this generation s defining event and is likely one of the most important political figures of the last few decades In this balanced thoroughly researched biography Bzdek chronicles the career of the country s most powerful woman shining a light on the woman who is two heartbeats away from the presidency and whose incredible example is already inspiring a new generation of American women John F. Kennedy and the Liberal Persuasion John M. Murphy, 2019-01-01 The first serious study of his discourse in nearly a quarter century John F Kennedy and the Liberal Persuasion examines the major speeches of Kennedy s presidency from his famed but controversial inaugural address to his belated but powerful demand for civil rights It argues that his eloquence flowed from his capacity to imagine anew the American liberal tradition Kennedy insisted on the intrinsic moral worth of each person and his language sought to make that ideal real in public life This book focuses on that language and argues that presidential words matter Kennedy s legacy rests in no small part on his rhetoric and here Murphy maintains that Kennedy s words made him a most consequential president By grounding the study of these speeches both in the texts themselves and in their broader linguistic and historical contexts the book draws a new portrait of President Kennedy one that not only recognizes his rhetorical artistry but also places him in the midst of public debates with

antagonists and allies including Dwight Eisenhower Barry Goldwater Richard Russell James Baldwin Martin Luther King Jr and Robert Kennedy Ultimately this book demonstrates how Kennedy s liberal persuasion defined the era in which he lived and offers a powerful model for Americans today *Congressional Record* United States.
