America In Search Of Its Soul

Kathryn Hume

America In Search Of Its Soul:

A Strange Freedom Howard Thurman, 2014-11-18 A spiritual advisor to Martin Luther King Jr the first black dean at a white university cofounder of the first interracial pastored intercultural church in the United States Howard Thurman offered a transcendent vision of our world This lyrical collection of select published and unpublished works traces his struggle with the particular manifestations of violence and hatred that mark the twentieth century His words remind us all that out of religious faith emerges social responsibility and the power to transform lives **America in Search of Its Soul** Gibson Winter, 1996 America in Search of Its Soul *America Unbound* Ivo H. Daalder, James M. Lindsay, 2008-04-21 A splendidly illuminating book The New York Times Like it or not George W Bush has launched a revolution in American foreign policy He has redefined how America engages the world shedding the constraints that friends allies and international institutions once imposed on its freedom of action In *America Unbound* Ivo Daalder and James Lindsay caution that the Bush revolution comes with serious risks and at some point we may find that America's friends and allies will refuse to follow his lead leaving the U S unable to achieve its goals This edition has been extensively revised and updated to include major policy changes and developments since the book's original publication **GPS for America** Abel Gashe, 2014-09-11 The American Union is imperfect But it is certainly motioning towards a more perfect union It is this foundational thesis in the fulfillment of the American vision that this book focuses on By affording an integrated and holistic approach the book shows that the American dynamics is transformational living phenomenon framed on four major paradigms that America is a land of freedom that America is a land of opportunity that America is impregnated with inertia within it that propels it to repair its faults and that the nation has been moving to a higher ground in its motion with a concerted effort of its people as one E pluribus Unum to build a more perfect Union A pragmatic but positive outlook on the American reality in the bountiful land by a first generation immigrant from Gojjam Ethiopia the author tries to help the reader develop a generic framework in understanding the evolving American reality since the founders took the bold step in 1776 to write an audacious proposal that all men are created equal endowed by the creator with inalienable rights The analysis in the book begins by framing the constitutional bases of the nation as a four dimensional compass Using what he terms as the American GPS he leads the reader to have a snapshot on the structure of American government citizenship church and state legal economic political and foreign policy issues to show that in fact what is manifesting in the American socio political topology is not a random act but an in built systemic transfiguration in creating the opportunity for all children of Adam to realize their God given inalienable rights being Geezans freely roaming citizens of the universe in fulfilling the vision of the nation After reading this book the reader will never waste time in random thoughts about the American ever unfolding reality By all accounts America is an emergent and noble idea whose better days are yet to come That is the projection whose totality can be meaningfully captured through a living compass The American GPS *The American Dream vs. The Gospel of Wealth* Norton

Garfinkle,2008-10-01 Norton Garfinkle paints a disquieting picture of America today a nation increasingly divided between economic winners and losers a nation in which the middle class American Dream seems more and more elusive Recent government policies reflect a commitment to a new supply side winner take all Gospel of Wealth Garfinkle warns that this supply side economic vision favors the privileged few over the majority of American citizens striving to better their economic condition Garfinkle employs historical insight and data based economic analysis to demonstrate compellingly the sharp departure of the supply side Gospel of Wealth from an American ideal that dates back to Abraham Lincoln the vision of America as a society in which ordinary hard working individuals can get ahead and attain a middle class living and in which government plays an active role in expanding opportunities and ensuring against economic exploitation Supply side economic policies increase economic disparities and Garfinkle insists they fail on technical factual moral and political grounds He outlines a fresh economic vision consonant with the great American tradition of ensuring strong economic growth while preserving the middle class American Dream **American Dream, American Nightmare** Kathryn Hume,2022-08-15

In this celebration of contemporary American fiction Kathryn Hume explores how estrangement from America has shaped the fiction of a literary generation which she calls the Generation of the Lost Dream In breaking down the divisions among standard categories of race religion ethnicity and gender Hume identifies shared core concerns values and techniques among seemingly disparate and unconnected writers including T Coraghessan Boyle Ralph Ellison Russell Banks Gloria Naylor Tim O'Brien Maxine Hong Kingston Walker Percy N Scott Momaday John Updike Toni Morrison William Kennedy Julia Alvarez Thomas Pynchon Leslie Marmon Silko and Don DeLillo Hume explores fictional treatments of the slippage in the immigrant experience between America's promise and its reality She exposes the political link between contemporary stories of lost innocence and liberalism's inadequacies She also invites us to look at the literary challenge to scientific materialism in various searches for a spiritual dimension in life The expansive future promised by the American Dream has been replaced Hume finds by a sense of tarnished morality and a melancholy loss of faith in America's exceptionalism American Dream American Nightmare examines the differing critiques of America embedded in nearly a hundred novels and points to the source for recovery that appeals to many of the authors Revitalizing America's Economically-distressed Communities

Hearing United States. Congress. House. Committee on Small Business,1998 Across The Colour Line in an American City Godfrey Mwakikagile,2020-07-18 A study of race relations in an American city including personal experiences and the status of blacks whose minority position has had a profound impact on their well being It also addresses issues of national relevance

Feminist Philosophy in Latin America and Spain María Luisa Femenías,Amy Oliver,Amy A. Oliver,2007 This book demonstrates the vast range of philosophical approaches regional issues and problems perspectives and historical and theoretical frameworks that together constitute feminist philosophy in Latin America and Spain This is important while feminist philosophy was long dominated by Anglo American authors It makes available recent feminist thought in Latin

America and Spain to facilitate dialogue among Latin American North American and European thinkers **Forgiveness**
Charles L. Griswold, 2007 This is a comprehensive text on forgiveness in both its interpersonal and political contexts as well as its relation to reconciliation

Adopting the Track of Expression: An Emotional Symphony within **America In Search Of Its Soul**

In a world eaten by displays and the ceaseless chatter of instantaneous transmission, the melodic elegance and mental symphony created by the prepared word usually disappear into the background, eclipsed by the relentless noise and interruptions that permeate our lives. However, located within the pages of **America In Search Of Its Soul** a wonderful fictional treasure full of organic thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this fascinating masterpiece conducts readers on an emotional journey, well unraveling the concealed songs and profound affect resonating within each cautiously constructed phrase. Within the depths of the moving review, we shall investigate the book is central harmonies, analyze their enthralling publishing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
