The Journal of Leo Tolstoy (First Volume—1895-1899) graf Leo Tolstoy,2019-11-21 In *The Journal of Leo Tolstoy First Volume 1895 1899* readers are invited into the intimate thoughts of one of literature s most profound figures during a pivotal period of his life This volume written in Tolstoy s characteristic introspective style blends deep philosophical musings with reflections on art faith and the human condition Within its pages Tolstoy grapples with the complexities of morality and his quest for authenticity providing a vivid literary testament to his spiritual and personal evolution in the context of late 19th century Russia a time marked by rapid social change and philosophical inquiry Leo Tolstoy revered as both a novelist and moral philosopher crafted this journal during a transformative phase after the enormous success of titles like *War and Peace* and *Anna Karenina* His growing disillusionment with materialism and his exploration of spiritual and social issues drove him to document his inner turmoil and philosophical explorations The journal thus serves as a chronicle of an artist s struggle to reconcile his literary legacy with his yearning for a more profound fulfilling existence For those interested in Tolstoy s philosophical inquiries or the intersection of literature and personal introspection this journal is essential reading It offers not only a glimpse into the mind of a literary giant but also serves as a guidepost for anyone navigating the complexities of life morality and creativity

Finding Families, Finding Ourselves Veronica Jane Strong-Boag, 2006 In *Finding Families Finding Ourselves* historian Veronica Strong Boag examines the realities behind idealized pictures of adoptive families rescuing needy children or adoptees fitting seamlessly into new families The first comprehensive examination of the

history of adoption in Canada Finding Families Finding Ourselves draws on a broad range of sources from legal cases sociological studies and government policies to fiction and first hand accounts Strong Boag argues that adoption far from being a marginal aspect of Canadian history goes to the heart of who we are as individuals and as a national community With its complicated dance of obligations and rights insiders and outsiders acceptance and rejection adoption reflects the ways in which we as families and as communities have consciously and unconsciously remade ourselves in the course of creating our future BOOK JACKET John Kennedy: The Dream That Transformed America Fabricio Sales Silva,2025-05-04 Don t ask

what your country can do for you ask what you can do for your country This call was not just a challenge to my nation It was a personal call for each of us to search within ourselves for that spark of potential that can illuminate the dark warm the cold and lift the fallen In each of us lies the ability to make a difference to transcend the ordinary and achieve the extraordinary I grew up in a family where the expectation was not only to achieve but to lead However true leadership I learned comes not from position or power but from the power to influence inspire and integrate On the battlefield in pain and despair I have seen ordinary men do extraordinary things They taught me that courage is not the absence of fear but the decision that something is more important than fear My journey to the White House was paved not only with successes but also with failures Every defeat was a lesson a step on the long ladder to understanding Success has many parents but failure is orphaned However I embraced each failure as my own child learning more from defeat than often from victory Therefore to you who read these words I ask you to find the captain within you Face the storms not with fear but with the firmness of someone who knows that after the storm the sea calms down and the sun returns In each of us lies great strength a firm purpose and the indomitable ability to dream and make those dreams come true **Travels Into Bokhara; In Three**
