A History Of Lighthouses:

A History of Lighthouses Patrick Beaver, 1973 **Delaware Lights** Bob Trapani, 2007 Bob Trapani executive director for the American Lighthouse Foundation and co founder of the Delaware River Bay Lighthouse Foundation recounts the stories of twenty seven beacons from the lost Cape Henlopen Light Station completed in 1767 to the Marcus Hook Range Rear Light Station constructed in 1920 He not only discusses their construction and the changes they have undergone over the years but also tells dramatic tales of their keepers who braved storms isolation and poor conditions so that the lights would stay burning for those at sea **America's Lighthouses** Francis Ross Holland, 1988-01-01 A history of the lighthouse which examines its technical development in the United States **A History of South Carolina Lighthouses** John Hairr, 2014-02-25 Before radar depth finders and satellite guided navigation long before the seafloor was charted with scientific precision mariners relied on lighthouses to approach a coastline safely South Carolina s history with lighthouses goes back nearly two and a half centuries At Cape Romain a windmill was converted into a lighthouse St Philip s Church in Charleston was converted into a beacon for seafarers to aid navigation to the Holy City With such a long and storied past the story of South Carolina s lighthouses is inseparable from its maritime history Join author John Hairr as he recounts the fascinating history of these beacons that have shone above the shores of the Palmetto State Kindly Lights Sarah C. Gleason, 1991 Kindly Lights chronicles the history of the lights from the early days of the colonies when lighthouses were built shoddily and haphazardly usually soon after an all too predictable shipwreck to the mid nineteenth century when a national lighthouse system was established In one compelling chapter the author uncovers the story of David Melville who conducted a remarkable experiment in gas lighting at Rhode Island s Beavertail lighthouse in 1817 18 It was to be a short lived trial Melville s innovations were resisted by Nantucket whalers fearful of losing their lucrative lighthouse oil market and by federal inspector Winslow Lewis who plays a part in Melville s failure as he did in so much of the history of the new nation s attempts to build a rational and technically sound lighthouse system **Brilliant Beacons** Eric Jay Dolin, 2016-03-31 What Moby Dick is to whales Brilliant Beacons is to lighthouses a transformative account of a familiar yet mystical subject Laurence Bergreen author of *Columbus The Four Voyages* In this magnificent compendium New Republic best selling author Eric Jay Dolin presents the definitive history of American lighthouses and in so doing illuminate s the history of America itself Entertainment Weekly Treating readers to a memorable cast of characters and fascinating anecdotes New York Review of Books Dolin shows how the story of the nation from a regional backwater colony to global industrial power can be illustrated through its lighthouses from New England to the Gulf of Mexico the Great Lakes the Pacific Coast and all the way to Alaska and Hawaii A Captain and Classic Boat Best Nautical Book of 2016 **Lighthouses of Hampton Roads: A History** Benjamin H. Trask, 2023 For nearly two centuries the beacons of light stations guided vessels through the deceptively hazardous waters in and around Hampton Roads Eleven light stations have dotted the southeastern coast of Virginia since

the days of the early republic Starting with Alexander Hamilton s establishment of the federal lighthouse service their story meanders through the American Civil War Reconstruction the Second World War and beyond tracing the development of maritime commerce in the region The keepers themselves were mostly white men from Virginia or North Carolina however caretakers also included immigrants women and formerly enslaved men For almost two hundred years these stalwarts maintained the beacons that guided vessels through these waters They also rescued those in peril Far from being isolated their collective lives were intertwined with the events and innovations that shaped the nation Local historian Benjamin Trask tells their stories Death & Lighthouses on the Great Lakes: A History of Murder and Misfortune Dianna Higgs

Stampfler,2022-02 The author of Michigan s Haunted Lighthouses shares tales of disaster and misfortune on the Great Lakes Losing one s life while tending to a Great Lakes lighthouse sadly wasn t such an unusual occurrence Death by murder suicide or other tragic causes while rare were not unheard of Two keepers on Lake Superior s Grand Island disappeared one early summer day in 1908 their decomposed remains found weeks later A newly hired and some say depressed keeper on Pilot Island in Wisconsin s Door County slit his own throat after a consultation with a local butcher about the location of the jugular vein A smallpox outbreak in the late 1890s led to the tragic death of a lighthouse hired hand on South Bass Island in Lake Erie Join author Dianna Stampfler as she uncovers the facts and debunks some fiction behind some of the Great Lakes darkest lighthouse tales *Lighthouses and Keepers* Dennis Noble,2014-01-15

From the East Coast to the West Coast the Great Lakes to the Gulf of Mexico and Hawaiian Islands this handsome book helps explain the lure of lighthouses in the United States Among the most recognized structures of the maritime world these lonely sentinels by the sea have long been the subject of paintings and photographs Today they continue to capture public imagination as Americans flock to their sites for visits and volunteer to help preserve these endangered structures This book covers all aspects of the subject not only lighthouses and lightships but buoys buoy tenders fog signals and their keepers The work is as rich in historical information as it is in rarely seen photographs and fourteen maps guide readers to the exact locations of the lighthouses Readers are also treated to stories of shipwrecks and rescues including the extraordinary story of Ida Lewis head keeper of the light at Lime Rock Rhode Island who rescued eighteen people from the sea *The Ultimate Book of Lighthouses* Michael J. Rhein,Samuel Willard Compton,2018-02-27 The sheer beauty of the elegant lonely lighthouses along our shores and their unspoiled scenic natural settings has captivated our collective imagination A celebration of one of America s purest landmarks The Ultimate Book of Lighthouses is a must have for any home
