A Horse Called Mayonnaise:

A Horse Called Mayonnaise JoAnne Collier, 1995-01-01 A Horse Called Tamarindo JoAnne Chitwood Nowack, JoAnne Collier, 2015-06 Romance is in the air as Tory and Adam head south with Mr Allen through Mexico to a Honduran orphanage. There they encounter searing heat, tragically abused children, and a magnificent wild gelding. Along the way they are surprised by several miracles of God's grace. When Greg comes down from the States to hold an evangelistic series, he falls in love with Tory. But Adam is her best friend. How can she choose between them? Back cover A Horse Called Mayonnaise JoAnne Collier, 1995 Ever since Tory heard about the horseback trip at camp, she'd been unable to think of anything else. It was her reason for being there to work, almost her reason for being at all. But now her dream's in big trouble. Gorgeous Jan Cole has signed up to go, and only two girls will be chosen. How can she compete against a girl who always seems to get everything based on her good looks? Discouraged, Tory's ready to quit till a friend helps her see herself from God's point of view. When she decided to trust Him with her hopes, she's in for a summer beyond her wildest dreams. A summer that brings the thrill of a horse called Mayonnaise. Back cover **A Horse Called Saskatoon** JoAnne Chitwood Nowack, JoAnne Collier, 2015-06 Adam lay facedown in the snow, blood pouring from a wound in his neck. A huge mountain lion, its yellow eyes glaring fiercely at Tory, crouched over Adam's still form. Tony Butler Hartman and her new husband Adam are helping Julia and Dave run Border Mountain along with their dogs Kodiak and Sardidi and two Belgian geldings, Saskatoon and Knick. With blizzards, rampaging moose, snarling grizzlies, and one very scary screaming mountain lion, Tory finds it a strange and frightening place. How will they operate the center after the water line freezes solid for the winter? Will Breeze? Tory's friend be able to recover from the nightmare of her marriage to Brian? Tory slowly learns to trust God and rest in His care, even in the midst of fear, only to face the greatest crisis of her life. Amazon.com **A Horse Called Poppyseed** JoAnne Collier, 1998 A continuation of the A horse called series in which Tory begins nursing school, meets a non-Christian young man, and makes an important decision about her future. *A Horse Called Blackberry* JoAnne Collier, 1996 Seven sightless campers and a horse called Blackberry. She joins the prayer group clueless as to how this special time with God will affect her and the lives around her. Amazon.com **Adventist Review**, 1998 The Age of the Horse Susanna Forrest, 2017-05-02 A superb account of the enduring connection between humans and horses. Full of the sort of details that get edited out of more traditional histories. The Economist. Fifty-six million years ago, the earliest equid walked the earth, and beginning with the first known horse keepers of the Copper Age, the horse has played an integral part in human history. It has sustained us as a source of food, an industrial and agricultural machine, a comrade in arms, a symbol of wealth, power, and the wild. Combining fascinating anthropological detail and incisive personal anecdote, equestrian expert Susanna Forrest draws from an immense range of archival documents as well as literature and art to illustrate how our evolution has coincided with that of horses. In paintings and poems such as Byron's famous *Mazeppa* in theater and classical music including works by Liszt and

Tchaikovsky representations of the horse have changed over centuries portraying the crucial impact that we've had on each other Forrest combines this history with her own experience in the field and travels the world to offer a comprehensive look at the horse in our lives today from Mongolia where she observes the endangered takhi to a show horse performance at the Palace of Versailles from a polo club in Beijing to Arlington Virginia where veterans with PTSD are rehabilitated through interaction with horses For the horse addicted a book can get no better than this original cerebral and from the heart The Times London
