C. Ramirez,2011-11 Have you looked around at the world and felt as though everything was falling apart America is struggling economically and no one has any answers Unemployment has been over 9% for over two years now It feels like the government is trying to take control of our lives There is speculation that Greece might collapse economically and if they do other European countries will follow suit The Middle East is in total chaos and very unstable with all these people rioting in the streets and wreaking havoc on their respective countries along with dictators falling and rising from power Iran is still telling everyone they are intent on annihilating Israel as they improve their nuclear capabilities As Christians our hope is in Jesus Christ we know that our God is sovereign so all the chaos in the world has no effect on how God brings the world to an end But the end is in sight and people are looking for something certain in this world There are so many questions Christians have regarding End Times Prophecy and do not understand simply because the church has not fulfilled its purpose in rightly dividing the Word of truth for the saints The Complete Layman's Guide to End Times Prophecy will bring together all the questions one might have regarding the end of the world and the return of the Warrior King Jesus Christ to this earth to set up His millennial kingdom This book is clear concise and cogent in its message and attempts to address all End Times Prophecy questions Doctor Robert Ramirez B A Political Science College of Santa Fe B A Pastoral Studies Moody Bible Institute MDiv The Master's Seminary DMin Trinity Southwest University Pastor Alive In Christ Bible Church President and Founder New Mexico Bible Institute Bookstore A Layman's Guide to Revelation J. J. Ramsay,2019-12-09 The Layman's Guide to Revelation is a compilation of renowned expositors with different interpretive views of eschatology The book guides its readers into an in depth study of the Revelation using the critical analysis of commentators of the past to help the reader better understand the present times and God's plan for the future The guide

defines key words in the Greek translation and explains the symbolic use of numbers colors and the foreshadowing of crucial aspects of Israel s history which will aid in deciphering the visions given to the apostle The guide further explains the types and use of the Old Testament prophets By understanding the Old Testament Scriptures the student will better appreciate the background of the language and the Hebraic symbolism used in Revelation The guide also sheds light on the use of foreshadowing of past empires used in the Old Testament that will further aid in the interpretation of the future and the end times that we are assuredly apart The guide takes the reader verse by verse chapter by chapter through the commentators interpretive views so they can study at their own pace and arrive at their own conclusions The book also includes a commentary by the author that offers his own insights into Revelation that will surely be of use to those who look to God s word to better understand the times we live      *The Layman's Guide To Rightly Dividing The Word of Truth* Karry Easley,2019-06-10 Inside this book are guidelines that I believe one must follow if they are to rightly understand God s Word If we follow these guidelines we will be able to know God s will and his truth God does not intend for us to know everything in this life for faith is crucial to the Christian life but that which He is willing to share is there inside His Word However one must know how to approach it This book not only show you how to do this but gives examples of it being applied It also covers many biblical doctrines using this format to show how these doctrines must be understood      *The Layman's Guide to Systematic Theology* Billy R. Newman,2009-12      [A Layman's Guide to Religion](#) V. P. Canton,2001-12 A Layman s Guide to Religion is a provocative factual often humorous personal study of evolution and religion The author is unsparing in his contempt for all religions and cults and for the hypocritical rascals the pied pipers who sidetrack their innocent victims robbing many of them of their most productive years The author finds those who claim to speak for God while defrauding the elderly of their life s savings especially loathsome One scholar who prefers anonymity remarked after reading the manuscript that when published this one thin volume would contain more common sense than the hundred of thousand dusty works by so called theologians over the past several millennia The comment was most gratifying as the author would rather have the admiration of one intelligent person whom the author highly regards than the admiration and even reverence of a billion fools Bold blunt and unflinching this thin volume cuts through millenia of B S The author s purpose is not offend one religion but to denigrate all of them and hopefully replace religion with reason and common sense Targeting historical unpleasant facts in an engaging and humorous manner and the role of evolution the author shows where religion has today become a compost of hypocrisy and pretense and the root cause of all evil Plainly this volume contains All You Ever Wanted To Know About Religion Before You Put The Subject To Rest And Get On With Your Life
