A Lifetime Looking:

Starting from Here Paula Saunders, 2025-08-26 A Midwestern girl balances her dreams of becoming a dancer with the complications of growing up on her own far from her working class family in this stirring stunning novel about the desire for a certain kind of life and the quest to find it Meg Wolitzer The sharp physicality of Paula Saunders's writing hooked me it was utterly engrossing to feel chills hunger and lust through the body of this young dancer Miranda July New York Times bestselling author of *All Fours* She could look in the mirror and see it all happening everything she'd dreamed of the potential everyone had seen in her blossoming right in front of her eyes as if her spirit and flesh were merging being born as one into light More than anything Ren wants to be a dancer Even her mother supports Ren despite the overwhelming financial burden and increasing tension her training places on the family But one thing is clear Ren's dreams are never going to come true in Rapid City South Dakota circa 1973 Setting in motion a journey that will transform her from the inside out Ren is sent to train alongside stick thin sculpted girls in Phoenix then on to Denver and beyond encountering along the way a dazzling sequence of eccentric and sometimes dangerous characters creepy dads mean girls predatory radio announcers kindly ex opera singers sham teachers and avaricious cult leaders Through it all Ren pushes herself doing everything she can to excel at her art while at the same time finding her way through the trials of adolescence But leaving home is not the same as escaping it And try as she might Ren can't quite shake the aching she has for someone to love and accept her just the way she is dancer or not successful or not perfect or imperfect Lyrical and incisive *Starting from Here* is a story of facing the many challenges and terrors of girlhood of reaching for something that exceeds your grasp of the enduring contradictions of familial love of right steps and wrong turns and of somehow finding your way from wherever you are to wherever you need to go

What They Told Us Alissa Nicole, 2019-03-15 *What They Told Us* by Alissa Nicole **Detroit, Lenacra and Cleveland** Brooke, 2010-12-15 I was almost as hard headed as it gets while repeatedly insisting on missing and ignoring the entire point that Mom and a few others tried to get me to realize GET YOUR EDUCATION I still had some great times here and there every now and then and I can only imagine how beautiful my life would have been if I would have followed the The Golden Rules Some wonderful things have happened to me even though I still feel that I truly did not deserve or even know how to sincerely enjoy thoroughly but on the other hand some not so wonderful things have happened to me that I basically brought on myself as a direct result of not following The Golden Rules EDUCATION IS A MUST I know my family was not the only family that has gone through a divorce and I know there are millions of kids who went through divorce without a scratch I am not blaming any of my failures as a man on the pitfalls of divorce but I can clearly see now that my character flaws were a direct hit stemming from the casualties of my parents divorce I did not ask to be me and I certainly did not ask or expect to be stuck on stupid for almost three tenths of a century It was what it was If I would have known their divorce would eventually effect me which I believe set the wheels in motion that turned towards me turning out the way I have I would have

started Praying that night But I had no idea it would and neither did they I can only imagine how beautiful my life would have been if their marriage was meant to be but it was not about me Brooke The Illusion of Will, Self, and Time Jonathan Bricklin,2015-06-01 Discusses how William James s work suggests a world without will self or time and how research supports this perspective William James is often considered a scientist compromised by his advocacy of mysticism and parapsychology Jonathan Bricklin argues James can also be viewed as a mystic compromised by his commitment to common sense James wanted to believe in will self and time but his deepest insights suggested otherwise Is consciousness already there waiting to be uncovered and is it a veridical revelation of reality James asked shortly before his death in 1910 A century after his death research from neuroscience physics psychology and parapsychology is making the case both theoretically and experimentally that answers James s question in the affirmative By separating what James passionately wanted to believe based on common sense from what his insights and researches led him to believe Bricklin shows how James himself laid the groundwork for this more challenging view of existence The non reality of will self and time is consistent with James s psychology of volition his epistemology of self and his belief that Newtonian objective even flowing time does not exist

Preaching the Luminous Word Davis & Dennis,2016 Insights from one of the most distinctive and eloquent scholar preachers of our time Inviting serious theological engagement with texts from all parts of the Christian Bible Preaching the Luminous Word is a collection of fifty one sermons and five related essays from noted preacher and biblical scholar Ellen F Davis A brief preface to each sermon delineates its liturgical context and theological themes as well as

distinctive elements of structure and style Arranged in canonical order the sermons treat a wide range of texts Torah Prophets Writings Gospels Epistles and Revelation They are complemented by essays on various aspects of biblical interpretation for preaching At once accessible theologically informed and rhetorically rich this volume will engage preachers teachers seminarians church leaders and serious lay readers **Hardwired** C.P. Rowlands, 2015-06-15 Award winning teacher Clary Stone is home for the summer helping her family and recovering from a personal tragedy She loves her Wisconsin city on Lake Michigan hoping to find what's left of herself in the familiar warmth and safety At first the city is the same but she soon finds things have changed Clary becomes involved in parts of the town that she's never seen or known before The summer's odd journey leads her to the city's homeless shelter for small children Leefe Ellis manages the shelter and is totally unlike anyone Clary's ever met Homeless since the age of three Leefe reveals another side of life with remarkable courage honesty and humanity Working side by side with the little children both realize they are fellow travelers but neither has met another person as completely different as they are from each other It's often confusing sometimes frightening but always fascinating The Chimera Strain Kevin Lee Swaim, John Frist was a soldier a hero and the victim of an IED attack in Iraq before his discharge He returned home and committed a terrible act of domestic terrorism Transformed by the StrikeForce technology he saved New York City from a dirty bomb and nearly died in the process For him the ensuing two years has been a bone wearying series of battles to protect the United States Eric Wise has risen from Director of Project StrikeForce to Assistant Director of the Office of Threat Management Tasked with preventing the end of the world he protects John while directing the OTM against a vast sea of threats The Office of Threat Management still watches over the world and the StrikeForce technology gives John an amazing edge but will it be enough to prevent a man bent on attacking the United States and reducing it to a third world power
